- Other relevant information

Any single factor may be determinative of the Commissioner’s decision.

Reconsideration Decisions

- **Set aside:** Commissioner determines individual submitted sufficient information to demonstrate they do not pose a risk of harm
- **Not set aside:** Commissioner determines the individual failed to demonstrate that they do not pose a risk of harm
- **Variance:** Commissioner has not set aside the disqualification, but has determined there are conditions under which the disqualified individual may provide direct contact or have access to persons receiving services, that minimize the risk of harm (245C.30)
Set Aside

- Commissioner determined that the individual has submitted sufficient information to demonstrate they do not pose a risk of harm
- Individual remains disqualified, but can continue to be in a position having direct contact with, or access to, persons receiving services.
- Set aside is limited solely to the program specified in the set aside notice
- Program is notified of reason for disqualification
- Bar disqualifications cannot be set aside (245C.24)

Public Data Regarding Set Aside

Minnesota Statutes, section 245C.22, subdivision 7

The identity of the disqualified individual who received the set aside and the individual’s disqualifying characteristics are public data if the set aside was for:

- Any disqualification, if the set aside relates to a child care center or family child care program; or
- A disqualification under section 245C.15, subd. 2 (felonies) relating to any program.

Not Set Aside

Variance

- Commissioner has not set aside the disqualification, but has determined there are conditions under which the disqualified individual may provide direct contact services or have access that minimize the risk of harm to people receiving services.
- Variance is time-limited and specifies the reason for the disqualification and the conditions with which the individual and program must comply.
- Program notified of reason for disqualification.
- Except for family child care, and foster care for children or adults or adult day services provided in the provider’s own home, a variance must be requested by the program.

Public Data Regarding Variances

Minnesota Statutes, section 245C.22, subd. 7

The identity of the disqualified individual who is the subject of the variance, the individual’s disqualifying characteristics, and the terms of the variance are public data when the variance:

- Was issued to a child care center or family child care program; or
- Relates to an individual with a disqualification under section 245C.15, subd. 2 (felonies) relating to any program.

When Disqualification Information Remains Private Data

Minnesota Statutes, section 245C.22, subdivision 7

The identity of a disqualified individual and the reason for the disqualification remain private data when:

- A disqualification is not set aside and no variance is granted
- The set aside or variance does not relate to child care and is not a disqualification under 245C.15, subd. 2 (felonies)
- The disqualification is rescinded
The disqualification relates to a license to provide relative child foster care. The disqualified individual is a family child care household member under the age of 18 and the set aside or variance relates to a misdemeanor-level theft under 609.62.

Bars to Set Aside of Disqualification

Minnesota Statutes, section 245C.24

- Commissioner is prohibited from setting aside disqualifications specified under 245C.24
- Permanent bars (subd. 2): Commissioner is prohibited from setting aside or granting a variance regardless of how much times has passed for offenses specified under 245C.15, subd. 1. Applies to all service settings.

Apply only to family child care, and child and adult foster care and adult day services in provider’s own home:

- Ten-year bars (subd. 3): Commissioner is prohibited from setting aside a disqualification for ten years. Variance may be granted.
- Seven-year bars (subd. 4): Maltreatment resulting in substantial bodily, mental, or emotional harm. Prohibits set aside for 7 years. Variance may be granted.

Consolidated Reconsideration of Maltreatment Determination and Disqualification

Minn. Stat. sections 245C.25; 626.556, subd. 10i, and 626.557, subd. 9d

- If an individual is found responsible for maltreatment and is disqualified for serious or recurring maltreatment, the individual has a right to request reconsideration regarding both determinations.
- If the individual requests reconsideration of both the maltreatment determination and disqualification, both determinations are reviewed in single reconsideration.
- For county maltreatment determinations and disqualifications based on serious or recurring maltreatment, county conducts the consolidated reconsideration.
Disqualification Hearing Rights

- Fair hearings: Minnesota Statutes, section 245C.27. Hearings conducted pursuant to section 256.045
- Hearing right arises from the not set aside of the disqualification. Subject has no hearing right if disqualification is set aside. If variance is granted, subject has hearing right on the not set aside.

Fair Hearings

Minnesota Statutes, sections 245C.27 and 256.045

Disqualified individual whose disqualification was not set aside has right to a fair hearing under 256.045, when disqualification is based on:

- Preponderance of evidence
- Serious or recurring maltreatment
- Failure to report maltreatment, which was substantiated

No hearing right if disqualification is:

- Based on a conviction or admission
- Administrative disqualification under 256.98, subd. 8 (’07)
- Conclusive
- A final agency decision

Scope of Disqualification Hearing

- Scope of review includes correctness of the disqualification and a determination whether the disqualification should be set aside, unless the scope of review is otherwise limited based on conclusiveness under section 245C.29 or the disqualification is a bar under section 245C.24.
- If the individual was disqualified on multiple bases, including a conviction or admission (not otherwise subject to a hearing) as well as other disqualifications which are subject to
a hearing right (e.g. preponderance of evidence), in determining whether to set aside the disqualification, the judge shall consider all of the disqualifying characteristics, including those that are otherwise not subject to review.

**Scope of Hearings for Bar Disqualifications**

*Minnesota Statutes, section 245C.24*

- No discretion to set aside a bar disqualification
- If a bar disqualification was affirmed upon reconsideration based on correctness and the individual otherwise has a hearing right, the scope of the hearing is limited solely to the issue of correctness.
- If correctness of the bar disqualification is conclusive, the reconsideration decision to affirm the disqualification is the final agency decision.

**Consolidated Fair Hearing For Maltreatment and Disqualification Not Set Aside**

*Minnesota Statutes, section 245C.27, subdivision 2*

The scope of the fair hearing shall include both the maltreatment determination and the disqualification which was not set aside if an individual who was disqualified for serious or recurring maltreatment:

- Requests a fair hearing on the maltreatment under section 626.556, subdivision 10i, or section 626.557, subd. 9d; and
- Requests a fair hearing on the disqualification based on serious or recurring maltreatment that is not set aside.

**Conclusive Disqualifications**

*Minnesota Statutes, section 245C.29*

A disqualification under Chapter 245C is conclusive if the:

- Disqualified individual did not request reconsideration;
- Disqualified individual did not request a hearing on the disqualification; or
Commissioner has issued a final order in an appeal of the disqualification under section 245A.08, subd. 5, or 256.045, or a court has issued final decision.

**Effect of Conclusive Disqualifications**

- If a disqualification is conclusive, the individual does not have a hearing right.
- If individual is subsequently disqualified, the individual has a right to again request reconsideration on risk of harm, but subsequent determinations regarding risk of harm are not subject to another hearing.

**Disqualifications Based on Conclusive Maltreatment Determinations**

*Minnesota Statutes, section 245C.29*

A maltreatment determination is conclusive if the:

- Individual did not request reconsideration of the maltreatment determination;
- Individual did not request a fair hearing regarding the reconsideration decision; or
- Commissioner has issued a final order in a appeal of that determination under section 245A.08, subd. 5, or 256.045.

**Limitations:**

- When the individual is subsequently disqualified based on a determination that the maltreatment was serious or recurring, the individual has a right to request reconsideration of the disqualification only.
- If individual requests reconsideration and the disqualification is affirmed and not set aside, the individual has a fair hearing right on the disqualification only.
- In such cases, scope of the hearing does not include the conclusive underlying maltreatment.
- Laws 2007, Ch. 147, Art. 1, sec. 31, requires county’s notice of determination of maltreatment to include a statement that the maltreatment finding may result in denial of a license or disqualification under Ch. 245C.
Contested Case Hearings

Minnesota Statutes, chapter 14 and section 245C.28

A disqualified individual whose disqualification was not set aside may have a right to a contested case hearing when:

- Commissioner denies a license or issues a licensing sanction, based on the not set aside of the individual’s disqualification (see also 245A.08).
- Under section 245C.28, subd. 3, all individuals who are employees of a public employer, as defined under section 179A.03, subd. 15, have a right to a contested case hearing.

Consolidated Contested Case Hearings – Licensing Sanctions Based on Disqualification Not Set Aside

Minnesota Statutes, sections 245A.08 and 245C.28

- When a license denial or a licensing sanction is based on a maltreatment determination and/or a disqualification that was not set aside, the scope of the contested case hearing generally includes the maltreatment and/or disqualification, unless the determinations are conclusive, the disqualification is a bar or as otherwise provided under Chapters 245A or 245C.
- When the license denial or sanction is based on the disqualification not set aside of an individual other than the applicant or license holder and the disqualified individual otherwise has a hearing right, the hearings of all parties may be consolidated into a single contested case hearing upon consent of all parties and the ALJ.
- If the matters are consolidated into a contested case hearing, a separate fair hearing is not conducted regarding the maltreatment and/or disqualification.

You can get the report at the police department where you were arrested. The report may be obtained through the arresting police department. In addition, you may choose to include court documents. Do not send back the BAC record which was sent to you.

2. If so indicated on page 4, you must contact your probation officer and have him/her submit a written report to the address on the front page of this form describing how you have progressed during probation and any other information about your conviction(s).

3. If you have undergone treatment for chemical use problems, submit a discharge summary.

4. If you do not submit all the required information, the Department of Human Services may be unable to make an accurate assessment of your request for reconsideration.

Why should we care?

Initial Client Considerations

- **Deadlines and Timing**
  Must respond to maltreatment determinations within 15 days. §626.556, subd. 10(i); disqualification notices within 30 days. §245C.21, subd. 2; request an administrative hearing within 30 days after reconsideration decision. §256.045, subd. 3(a); request judicial review in district court within 30 days. §256.045, subd 7; file with court of appeals within 60 days. Minn. R. Civ. App. Pro. 104.01, subd. 1.

- **Multiple Notices**
  It is possible to get disqualification notices from several different agencies, including the county that investigated the maltreatment, the Department of Human Services, and the Department of Health. You must respond to each notice individually, or you risk one agency making a conclusive determination that will affect other agencies.

- **Find the Appropriate Remedy for Your Client**
  Become very familiar with your client’s work history and goals to make sure that you work towards a solution that is appropriate for your client.

- **Try to Settle**

What Are Your Client’s Options?

**Within DHS/MDH**

1. Rescind the disqualification
   - Complete freedom to work in direct care position. Can transfer jobs freely.
   - Does not apply to accurate convictions.
2. Set-aside
   - Only available if the disqualifier is not a bar.
   - Free to work at the job(s) for which a background study was conducted.
   - Must undergo a new background study for a new or different job.
   - No remedy if DHS grants a set-aside but employer refuses to rehire.

3. Variance
   - Only available if the disqualifier is not a bar.
   - Only available if the employer requests it.
   - Can work at the job(s) for which background study was conducted, but in a supervised capacity.
   - Must undergo a new background study for a new or different job.
   - No remedy if DHS grants a variance but employer refuses to rehire.

Outside of DHS/MDH

1. Expungement
   - Sealing Arrest Records §299C.11 (seals BCA & FBI records)
   - Statutory Expungement §609A.02 (seals judicial and executive records [DHS & MDH] if notified and contained in the order)
   - Inherent Authority Expungement (State v. Schultz: seals only judicial records unless abuse of discretion or constitutional violation)
   - Juvenile Delinquency Expungements §260B.198, subd. 6. (only applies if delinquency was adjudicated; probably seals judicial and executive records)

2. Pardon
   - DHS honors pardons.
   - Mandatory minimum waiting periods of 5-10 years after discharge.
   - Can take over a year to obtain.
   - State only grants 10-15 per year.

3. Wait out the disqualification period
4. Change Careers
5. Move to another state
How Can You Help Your Client Achieve Their Goals?

Challenging Maltreatment Determinations

- Seven-year disqualifications for failure to make certain required reports of maltreatment or serious or recurring maltreatment of a minor or vulnerable adults §245C.15, subd. 4.
- Possible Options: Rescission (if client has preserved appeal rights); set-aside or variance (if not a bar), wait out the disqualification period, change careers, or move to another state. Rule out expungements and pardons because these are non-criminal.
- If your client is within the appeal period for the determination, you can challenge the merits of the determination in writing, and again at a fair hearing if you lose their written challenge.
- Find the definition of the disqualifying act and try to prove that their conduct did not match that definition. In re Staley, 730 N.W.2d 289, 297-299 (Minn.App. 2007). See also In re Kleven. See by analogy In re S.F.
- If your client is outside of the appeal period, you should always try to reopen the determination informally by simply asking the investigating agency to reopen the case, or by ordering the investigation file to find proof of insufficient notice or egregious investigation flaws.
- If your client is past the appeal period and the determination is conclusive, then you should request a set aside in writing and again at a fair hearing if necessary. The risk of harm factors are listed in §245C.22. You should provide as much information as possible for the Commissioner to weigh. For a successful case example, see State v. Awes, 2005 WL 3111848 (Minn.App.).
- Challenging every disqualification is important because it preserves appeal rights and affects future set-asides, even if the subject doesn’t get their job back.
- Fair hearings are available if your client has preserved their appeal rights. The scope of the hearing will include the correctness of the underlying disqualification, as well as a risk of harm analysis. If your client has lost their right to challenge the underlying disqualification, they can still request a hearing to address the eight risk of harm factors.
- Case examples

Challenging a Preponderance of the Evidence Determination that a Disqualifying Crime Occurred

- The state can disqualify individuals based on a preponderance of evidence that a disqualifying crime occurred. §245C.14. This is usually based on unprosecuted police reports or dismissed charges.
Possible Options: Disproving the preponderance determination (if client has preserved appeal rights); set-aside, variance, or wait out the disqualification period (if disqualification is not a permanent bar); possibly a statutory expungement with an order directed at DHS & MDH; or change careers or move to another state.

The determination is conclusive if your client ignored a previous disqualification based on the same incident, or if they lost a prior hearing on the matter §245C.29, subd. 2.

If the determination is not conclusive, you should timely challenge the determination and request a set aside in writing. Supplement with proof of your client’s innocence and proof of rehabilitation.

If the written request for reconsideration is denied, you should request a fair hearing to challenge the determination and show that they do not pose a risk of harm §245C.27, subd. 1.

Fair hearings are very difficult because the state only has to prove that the crime occurred by a preponderance of the evidence. However, you can call witnesses and raise any criminal defense at the fair hearing, such as mistaken identity, self-defense, battered women’s syndrome, etc.

Case examples

### Challenging Criminal Conviction Disqualifiers: Limited Remedies

Not all crimes disqualify the subject. Disqualifying crimes and their corresponding disqualification periods are listed in §245C.15.

Possible Options: Set-aside, variance, or wait out the disqualification period (if disqualification is not a permanent bar); possibly a statutory expungement with an order directed at DHS & MDH; inherent authority expungement if case involved constitutional violations or an abuse of discretion; pardon; or change careers or move to another state.

If the conviction information is not correct, you should challenge it in writing and provide proof of the incorrect information. *Moore v. Comm’r of Human Srvcs.* 2006 WL 771869 (Minn.App.).

If the conviction is correct, then no fair hearing is available because your client was afforded the “full panoply” of due process rights during the criminal proceedings. §245C.27, subd. 1(c); *Sweet v. Comm’r of Human Srvcs.*, 702 N.W.2d 314, 321 (2005).

Expungements: DHS & MDH will honor a criminal expungement if they received notice and the order directs DHS to seal its record of the offense. §245C.08; §609A.03, subd. 7(a)(3). Note: Expungements that seal only judicial records (inherent authority) or BCA arrest records (§299c.11) do not have an effect on DHS/MDH records. A successful expungement can take between six and nine months to complete.

Rights/Burdens Upon Reconsideration

- Commissioner gives preeminent weight to the safety of the individuals to be served. Any single factor may be determinative. §245C.22, subd. 3.
- Subject has the burden of proving that they do not pose a risk of harm. §245C.22, subd. 4(b).
- Any one factor can disqualify an individual §245C.
- Commissioner must consider all eight risk of harm factors for each applicant. §245C.22, subd. 4.
- Subject has a property right in employment, especially if it is licensed employment. *Fosselman v. Comm’r of Human Svcs.*, 612 N.W.2d 456 (Minn. App. 2000)
TRUE FALSE EXERCISE

1. If a disqualification is rescinded, it will not come up in future job applications.

2. If a disqualification is set aside, it will not come up in future job applications.

3. If the individual misses the 30-day deadline for filing his/her written request for reconsideration, the disqualification will apply to all future job applications in the same field.

4. If an individual files a written request for reconsideration and the disqualification is set aside, the individual may appeal that determination to try to get the reconsideration rescinded.

5. If an individual files a written request for reconsideration and the disqualification is not set aside, the individual may ask for a variance at the fair hearing level.

6. If an individual gets disqualification notices from several different agencies (e.g., the county, the Department of Human Services, and the Department of Health), one agency may make a conclusive determination that will affect the other agencies’ decisions.

7. If a conviction is correct, the individual was afforded the full panoply of due process rights during the criminal proceeding and any appeal from a written request for reconsideration goes directly to the Minnesota Court of Appeals.

8. If an individual ignores a disqualification based on a determination that a disqualifying crime occurred, the administrative determination that a disqualifying crime occurred is conclusive and applies to all future disqualifications based on the same incident.

9. If an individual ignores a disqualification based on preponderance of the evidence, the administrative determination of preponderance of evidence is conclusive and applies to all future disqualifications based on the same incident.

10. If a disqualification is based on a maltreatment finding made by default (the individual did not show up at the hearing to contest the maltreatment charge), the individual may contest the underlying maltreatment determination as part of the DHS reconsideration process.
CASE STUDIES

Client has been working as a Certified Nursing Assistant in a nursing home since 1998. She received a disqualification (DQ) notice from the Department of Human Services (DHS). She was disqualified because of a 1997 felony theft of public assistance conviction. She got an expungement in 2005 and she does not know why this keeps showing up. She has no prior or subsequent criminal offenses. She received the letter two days ago. What do you do?

Client has been working as a Personal Care Attendant for her mother since 2006. She received a letter from DHS in April stating that she could no longer work as a PCA because of a “preponderance of the evidence” that she engaged in a third degree drug incident in 2005. She explains that she was never charged and it was her boyfriend who was selling drugs from her apartment, not her. What do you do?

Client has been working as a teacher in a daycare facility since 2004. He received a notice from DHS yesterday stating that he was disqualified from working at the facility because of a determination that he committed maltreatment against his daughter. He claims that his seven-year old daughter told the school nurse that he hit her with a belt, and some marks were showing up. He claims that spanking with a belt is normal discipline in his family. What do you do?
SECTION 2: SUPPLEMENT TO CLE MATERIALS

DHS RECONSIDERATION CASES CHECKLISTS

Overview

- **Application**: Client has applied for a job at a Department of Human Services (DHS) or Department of Health (MDH) -licensed facility working with a vulnerable population (e.g., elderly, disabled, children).  

- **Background Study**: The DHS-licensed facility (facility) sends the client’s name to DHS or the county to conduct a background check for criminal convictions, admissions, Alford Pleas, unprosecuted arrests, administrative disqualifications (’07 amendment), or serious or recurring maltreatment of a minor or vulnerable adult. If check comes back positive, client is sent a notice that he/she is “disqualified” from this position because he or she poses a “risk of harm” to the vulnerable people served.

- **Disqualification**: There are different types of disqualifications, depending on the disqualifying act (Minn. Stat § 245C.15)
  - **Permanent (§ 245C.15, subd. 1)**: Individual disqualified regardless of how much time has passed and, unless otherwise specified, regardless of the level of offense, without exception. Includes violent offenses, all criminal sexual conduct, and involuntary termination of parental rights.

---

1 Individuals required to have a background study (Minn. Stat § 245C.03): persons applying for a license; individuals 13 and over living in the household; current or prospective employees or contractors who will have direct contact; volunteers or student volunteers who will have direct contact, unless under continuous, direct supervision; managing officials. And, if Commissioner has reasonable cause: individuals who, without providing direct contact services, may have unsupervised access; and individuals ages 10-12 living in the household.

2 DHS Studies include (Minn Stat § 245C.03): programs directly licensed by DHS; MDH programs; supplemental nursing services agencies; personnel agencies, educational programs, and professional services agencies; DOC programs serving children or youth; personal care provider organizations; and (effective 7/1/07) child foster care and adoption.

3 County studies include (Minn Stat. §§ 245A.16 and 245C.08 Subd.2): individuals affiliated with family child care, adult foster care, and adult day services.

4 Information Commissioner reviews (Minn Stat. § 245C.08): Information from the MN Bureau of Criminal Apprehension (BCA); All substantiated reports of maltreatment of minors and vulnerable adults (Department of Human Services, Minnesota Department of Health, and SSIS (?)); juvenile court records, as applicable; also, when reasonable cause, arrest, and investigative information from agencies specified under subdivision 3 (e.g., courts, other states. FBI).

5 Minn Stat. § 245C.14
- 15-year (§ 245C.15, subd. 2): Felony level offenses (15 years starts from discharge of sentence imposed)
- 10-year (§ 245C.15, subd. 3): Gross misdemeanor level offenses (10 years starts from discharge of sentence imposed).
- 7-year (§ 245C.15, subd. 4): Misdemeanor level offenses, serious or recurring maltreatment and administrative disqualification under § 256.98, subd. 8 (‘07 amendment). (7 years starts from discharge of sentence imposed).

- **Immediate Risk of Harm Assessment**: Commissioner reviews information immediately available to make a determination regarding client’s immediate risk of harm to persons receiving services at the facility. The results determine whether and under what conditions the individual may continue to work pending the outcome of their reconsideration request.
  - Based on factors considered listed in §245C.16, subd 1, paragraph (b), Commissioner determines that the individual either:
    - Poses an immediate risk of harm and orders immediate removal (from facility);
    - Poses a risk of harm requiring continuous, direct supervision during the time period the client may request consideration; or
    - Does not pose an imminent risk of harm or risk of harm requiring supervision.

- **Initial Disqualification Notice**: The client receives notice of the Commissioner’s determination of disqualification (DQ). The notice includes:
  - Information causing the DQ and results of immediate risk of harm assessment;
  - Instructions on how to request reconsideration and the time frame; and
  - An explanation of any restrictions on the Commissioner’s discretion to set aside the DQ under Sec. 245C.24 (bars 6)

- **Options and Remedies**: Remedies for disqualified individuals are limited – need to discuss with client what his/her goals are. Remedies are based on the individual timely requesting reconsideration of the disqualification after they receive notice.
  - Best remedy is to **recess** the underlying DQ. This means that the Commissioner will remove the disqualifying act from the individual’s background study and the person will have no limitations on getting work with vulnerable people based on that particular disqualifying act.

6 Permanent bars (bars) to set aside DQs for all positions apply to certain criminal convictions and involuntary termination of parental rights (§245C.15, subd. 1). There are also 10-year bars (subd. 3) (variance may be granted) and 7-year bars (subd. 4) notably maltreatment resulting in substantial bodily, mental, or emotional harm) to provide family child care, child and adult foster care, and adult day services in a provider’s own home.
This involves successfully challenging correctness of the DQ, proving that the information relied upon in determining the underlying conduct that gave rise to the DQ is incorrect, or for maltreatment, the information relied upon in determining that the maltreatment was serious or recurring is incorrect.

- Next best – to have the DQ set aside. This means that the individual remains disqualified, but can continue to be in a position having direct contact with, or access to, persons receiving services without supervision. However, the set aside applies only to the facility specified in the set aside notice. If the client applies for future jobs in this field, client will go through the DQ process from scratch. This presents problems for individuals who are seeking employment, but it seems to work well for individuals who have an established job.
  - Individual must prove to the Commissioner that he or she does not pose a risk of harm to any person receiving services from the facility, addressing the risk of harm factors under §245.22, subd. 4. Burden of proof is on the individual to demonstrate that they do not pose a risk of harm.
  - Program is notified of reason for DQ
  - Bar DQs cannot be set aside (§245C.24).

- Next best – obtain a variance. The Commissioner does not rescind or set aside the DQ, but has determined there are conditions under which the disqualified individual may provide direct contact services or have access that minimize the risk of harm to people receiving services. This usually means that the client works under some sort of supervision.
  - Variance is time-limited and specifies the reason for the DQ and the conditions with which the individual and facility must comply.
  - Facility is notified of reason for DQ.
  - A client may not request a variance – the facility (employer) must request this (except for family child care and foster care for children or adults or adult day services provided in the provider’s own home, where the variance may be requested by the individual).
  - Bar DQs cannot result in a variance. §245C.30, subd. 1.

- Worst-Case Scenario—the DQ is not set aside.
  - The Commissioner determined that the client failed to demonstrate that he or she does not pose a risk of harm after the individual has requested reconsideration or has let their reconsideration period elapse.
  - Commissioner notifies client and facility of not set aside decision.
  - Identity of disqualified individual and reason for DQ remains private data.
  - Facility is ordered to immediately remove the disqualified client if:
• Client did not timely request reconsideration or a hearing to which they were entitled;

• “Not set aside” is the final agency decision after reconsideration if the individual was not entitled to a hearing (disqualifications based on convictions);

• The individual had a hearing and the Commissioner’s final order under §245A.08 or §256.045 affirmed the decision not to set aside the disqualification.

• **Timing** is very important. Many clients miss important appeal deadlines.
  
  o Must respond to initial maltreatment determinations within 15 days (§626.556 subd.10(i)).
  
  o Must respond to initial DQ notices within 30 days (§ 245C.21, subd.2.).
  
  o Must request an administrative hearing within 30 days after reconsideration decision (§256.045, subd 3 (a)).
  
  o Must request judicial review in district court within 30 days (§256.045, subd 7.)
  
  o Must file with court of appeals within 60 days (Minn. R. Civ. App. Pro. 104.01, subd. 1)

• **Clients:**
  
  o Clients are often in a crisis situation. VLN cases usually involve low paying jobs such as child care or health care (e.g., certified nursing assistant (C.N.A.)). Clients don’t have much, if any, financial cushion.

  o Even worse, some clients used to be on welfare and were assessed by Workforce Development to be able to work in this area, so then underwent training. Now applied for a job and were disqualified. (It may be their first clue that they may not be able to get a job in the field for which they trained.)
Preliminary Review

It is important to ask the client several preliminary questions before advising them. The following are helpful questions to determine what options exist for the client.

2. How long has the client been doing this type of work? What kind of training, background, and qualifications does the client have?

3. Does the client have a license for the type of work he/she does?

4. Is the notice that they received their first such notice, or has the client received a letter in the past? If so, have they responded to it? (If client responded to a prior letter, was the DQ set aside or did the client get a variance? Was it from child protection? Note: get documents from prior proceeding, including maltreatment determination or DQ letter.)

5. Review the DQ Notice:
   a. What is the date of the letter? What is the deadline for submitting written request for reconsideration?
      i. If the deadline passed a short time ago, see if client has the envelope the DQ came in. If the postmark is significantly later than the date of the letter, ask for deadline to be extended accordingly. If the appeal period has elapsed, call DHS to see if client could get an extension based on some extenuating circumstance (client moved, client was homeless, client does not speak English well, etc.)
      ii. If the time period for requesting reconsideration has expired and the client is not entitled to an extension, the client can start the disqualification/reconsideration process over again. Assuming the disqualification is not a bar, advise them to apply for another job and be disqualified, so that they can timely request reconsideration for that job. Disqualifications are facility-specific and do not carry over to new jobs.
   b. Who is the notice from (MN Dept of Health or Dept of Human Services or which county)?
   c. What is the basis for the DQ? Where did the disqualifying offense occur? Has the individual taken any steps to eliminate the disqualifying offense (expungement, sealing arrest records, etc.)
   d. Did the notice include instructions on how to request reconsiderations and timeframe?

---

7 Important to note because it is likely that you will have to contact the reviewing agency for the case file or other agencies within the county (child protection, guardian ad litem, social workers, etc…) to get information regarding your client.
e. Does the notice include an explanation of any restrictions on the Commissioner’s discretion to set aside the DQ under §245C.24 (bars)?

f. Check for notice that the data will become public if the individual’s DQ is set aside or a variance is granted relating to the individual’s DQ, if applicable (§245C.22, subd.7)

g. Review the Commissioner’s determination of an immediate risk of harm and any information about whether the client can continue to work pending the outcome of the reconsideration request and if so, under what type of restriction.

h. Note: the facility also receives a notice that the individual has been disqualified under of §245C.17 and information about whether the individual poses and immediate risk of harm.

i. The Commissioner cannot initially disclose to the facility the actual basis for the disqualification unless the basis for the DQ is failure to cooperate with the background study; the basis for the DQ is serious or recurring maltreatment; The Data Practices Act provides for the release of the information or the client authorizes the release of the information.
**Maltreatment Cases Checklist**

Maltreatment cases involve non-criminal allegations of abuse or neglect against a child or vulnerable adult. These incidents could have happened several years ago, or they could be very recent. Most clients who have been disqualified on the basis of an incident of maltreatment were not aware that the offense would affect their future employment, and they usually did not timely challenge the maltreatment determination when it occurred. The goal is to remove the underlying maltreatment determination or in the alternative, prove that despite the maltreatment determination, the client does not pose a risk of harm to persons served. Unless the client has a licensed facility, maltreatment determinations are not bars.

I. **WRITTEN REQUEST FOR RECONSIDERATION.**

Once the individual receives their initial disqualification notice, they should request reconsideration in writing to both the agency that made the maltreatment determination and the agency that sent the disqualification notice. Most individuals have only 15 days from the date of the letter to challenge the underlying maltreatment determination and 30 days to challenge the subsequent DQ.

A. **The appeal period for the underlying maltreatment period has elapsed.** Can you somehow reopen the client’s underlying maltreatment finding?

1. Was the client disqualified in the past for maltreatment (same incident) and did not respond to the initial maltreatment determination? If yes, they technically have no right to appeal the old determination, but you should try to reopen the case.

   a. Order the investigation file and look for proof of insufficient notice or egregious investigation flaws. (You will need to make a Data Practices request to get the file.) If so, notify DHS or MDH and make every effort to challenge the issue of the underlying maltreatment determination under part B.

   b. Try simply asking the investigating agency to reopen the case (informally). If successful, see part B.

   c. If there is no way to reopen the maltreatment determination, the client must either wait out the 7-year disqualification period or

---

8 Must provide the following information, in accordance with Minn. Stat. 245C.21(3) when applying for reconsideration: (a) The information the commissioner relied upon in determining the underlying conduct that gave rise to the disqualification is incorrect; (b) For maltreatment, the information the commissioner relied upon in determining that maltreatment was serious or recurring is incorrect; or (c) The subject of the study does not pose a risk of harm to any person served by the applicant, license holder, or other entities as provided in this chapter, by addressing the information required under section 245C.22(4).
prove that despite the maltreatment determination, they do not pose a risk of harm to persons served. Go to part C.
B. The maltreatment determination is recent and you can timely challenge it.

1. The goal is to prove that the act did not constitute serious or recurring maltreatment. Order the entire contents of the maltreatment investigation and record. Then, review the grounds for finding maltreatment and analyze whether the facts can support a different conclusion other than maltreatment. To do so, find the definition/elements of the disqualifying act and try to prove that the client’s conduct did not match that definition. See In re Staley, 730 N.W.2d 289 (Minn. App. 2007). Look at the Vulnerable Adults Act and the Maltreatment of Minors Act for elements and definitions.\(^9\)

2. Supplement your analysis with any evidence about what actually happened. Consider contacting a medical expert to evaluate the evidence, gather witnesses who may have observed what happened, and probe into the alleged victim’s history of abuse, illness, injury, and truthfulness.

3. Submit your written argument and evidence to the agency that made the maltreatment determination within 15 days. Send a copy to the disqualifying agency, as well, if they are separate.

C. Risk of Harm Analysis. Regardless of whether you can challenge the underlying maltreatment finding, you should also submit written information to the disqualifying agency to prove that the individual does not pose a risk of harm to patients. The secondary goal, after rescinding the underlying maltreatment determination, is to obtain a set aside, so that the individual can continue to work at the facility despite their disqualifying offense. §245C.22.

In evaluating your request for a set-aside, the Commissioner weighs the following factors under §245C.22, subd. 4:

i. The nature, severity, and consequences of the event or events that led to the DQ;

ii. Whether there is more than one disqualifying event;

iii. The age and vulnerability of the victim at the time of the event;

iv. The vulnerability of the persons served (2007 amendment)

\(^9\) If the DQ was based on a failure to report the maltreatment of a child the commissioner’s determination must be based on the ALL of the following: a) The individual was a mandated reporter under Minn. Stat. § 626.556, subd. 3 (Supp. 1999); b) The individual knew or had reason to know that a child was maltreated; c) The maltreatment was substantiated; d) The maltreatment was recurring or serious; and e) The individual failed to make the required report. NOTE: See section (e)(a)(iii) for additional information on conclusiveness.
v. The harm suffered by the victim;
vi. The similarity between the victim and persons served by the program;

vii. The time elapsed without a repeat of the same or similar event;
viii. Documentation of successful completion by the individual studied of training or rehabilitation pertinent to the event; and

ix. Any other information relevant to reconsideration.

You should provide written responses to these questions and supplement the record with as much information as possible to prove that the individual is trustworthy. Try to obtain probation reports, treatment and aftercare records, school records, formal letters of support from non-relatives, successful program completion (the closer the relation to maltreatment the better), certificates from a program for anger management, and information about any other life-changing experiences or schooling. (For a successful case example, see State v. Awes, 2005 WL 311184 (Minn. App)). The burden of proof is on the individual to prove that they do not pose a risk of harm. Any single factor can be determinative. Preeminent weight is given to the safety of persons served.

D. The third option is to pursue a variance. Only the employer (or license holder) can request a variance, but you can contact the employer to ask that they request it. This involves the employer assuring the disqualifying agency that the individual would work in a supervised capacity, while maintaining their disqualifying characteristic. Variances can be time-limited and rescinded at any time for cause. §245C.30. You cannot appeal the Commissioner’s decision to not grant a variance.

If the Commissioner rescinds the disqualification or grants a set-aside or a variance, your client will be able to continue working, assuming that the facility has decided to retain them pending resolution of their reconsideration request.

II. FAIR HEARING. If the Commissioner denies your written request to rescind the maltreatment determination or to grant a set-aside, you can request an administrative hearing to contest the decision.

A. Procedural Information. Request a fair hearing by sending DHS Appeals division a statement that you would like a fair hearing. The deadline is 30 days from receipt of notice. Detailed instructions are provided on the notices.

B. Fair hearings take place with a DHS judge and an Assistant Attorney General and/or an Assistant County Attorney representing the state.

C. After you request a fair hearing, DHS will assign a judge, who will set a pre-hearing conference, at which you and the AAG or ACA will set the time and date of the hearing and set the scope of the hearing.

D. The scope of the maltreatment hearing will include an evaluation of the Commissioner’s decision that the individual poses a risk of harm, assuming it is the first time the individual has had a fair hearing based on the disqualification.
Ideally, it will also include the underlying maltreatment determination (consolidated hearing) if the individual has preserved their appeal rights to contest the maltreatment determination, or if you have convinced DHS or the judge to include the maltreatment determination in the scope of the hearing. The second disqualification notice will include information about the proposed scope of the hearing. Detailed information about the possible scope of the hearing is also contained in §§245C.27-29.

E. **Preparing for the Hearing.** You should have gathered all investigation data about the underlying disqualification, as well as any additional evidence or witnesses, in order to submit an accurate written appeal. If you did not have a chance to do so, gather this information in preparation for the fair hearing and send it to the AAG or ACA as soon as possible to facilitate a settlement. See IB.

F. Try to submit a thorough memo for the judge (copy AG and/or ACA) with your theory of the case and any defenses prior to the hearing. Include affidavits from any witnesses identified from the file and any witnesses identified by the client. This may also facilitate settlement.

G. Contact the AG and/or ACA regarding potentially settling the case. A settlement usually involves a set aside or a variance while maintaining the underlying maltreatment disqualification. For many clients, this is the easiest and fastest way to resolve their crisis and get them back to work.

H. If you cannot settle, know that the rules of evidence are relaxed in the hearing. However, you should submit your exhibits and witnesses several days before the hearing and lay foundation for your exhibits. You should also prepare direct exam for your witnesses and cross exam for the state’s witnesses, who are usually the maltreatment investigator and a state representative who made the decision not to set aside the disqualification.

I. DHS judges cannot decide constitutional issues or other equitable concerns in the hearing, but you should still make those arguments in order to preserve them for appeal.

II. If you lose your fair hearing, you can ask the DHS judge to reconsider the decision within 30 days. You do not have to request reconsideration before appealing the decision to district court.

III. You can request **JUDICIAL REVIEW** of the DHS judge’s decision under §256.045, subd. 7. You cannot introduce new evidence at the review hearing, but the judge will be able to decide constitutional and equitable issues that the DHS judge could not.

IV. If you lose at the district court level, you may request **APPELLATE REVIEW** as a civil matter.
Conviction Cases Checklist

Individuals can be disqualified based on a variety of crimes against persons and property crimes. §245C.15. If the disqualification is based on a criminal conviction, know that your client’s remedies are limited. Unlike maltreatment cases, you cannot simply challenge the existence of a criminal conviction. You should be familiar with the different limited remedies and find out which remedy is best for your client.

I. WRITTEN REQUEST FOR RECONSIDERATION.

A. Once the Commissioner sends the initial disqualification notice, the individual has 30 days to challenge the disqualification on paper.

B. If the conviction information is somehow inaccurate (e.g., identity theft, incorrect background study information, etc), the individual should ask the Commissioner to rescind the conviction. If the conviction information is incorrect, provide proof of the incorrect information to DHS in your written request for reconsideration (i.e., fingerprints of client vs. fingerprints on file from the offender) Moore v. Comm’r of Human Srvcs. 2006 WL 771869 (Minn. App.)

C. Most of the time, however, the conviction information is correct. In this case, you can attempt to remove the conviction through a criminal expungement. §609A. A criminal expungement is a separate proceeding from the disqualification. Criminal expungements take six or more months, and there is no guarantee that your client will win. An expungement is only valid if the individual notified MDH and DHS and the expungement order directs those agencies to seal their records. If the conviction was a first-time drug possession offense or the client was a juvenile who was certified adult, they may be able to seal their DHS or MDH records through an expungement, as long as they serve the Commissioner of Health and the Commissioner of Human Services. For all other convictions, appellate case law states that a district court judge cannot seal executive branch records because of the separation of powers doctrine. See State v. Schultz, 676 N.W.2d 337, 343-44 (Minn. App. 2004). DHS and MDH are part of the executive branch, therefore, you will most likely not be able to convince a judge to do so.

D. DHS honors pardons, but they take a very long time and involve mandatory minimum waiting periods.

E. Realistically, if the conviction data is accurate, the best remedy for the client will be a set-aside or a variance. The time period, factors, and burdens are identical to the maltreatment reconsideration process. See Maltreatment section above, at I C & D. Note: unlike maltreatment disqualifications, certain severe criminal convictions carry permanent bars, which means that the individual cannot obtain a set aside or a variance if they have a permanent bar conviction on their record. See §245C.15, subds. 1; §245C. 24; §245C.30.

F. Disqualifications based on criminal convictions do not carry any sort of fair hearing or district court review rights. The idea is that the individual had their day in court
during the criminal proceedings for the underlying disqualification. §245C.27, subd. 1(c); See Sweet v. Comm’r of Human Services, 702 N.W.2d 314, 321 (Minn.App.2005).

G. If the Commissioner does not grant a set-aside or a variance and the conviction is not a permanent bar, the individual can also wait out the disqualification period (7-15 years from discharge of sentence).

II. For any conviction disqualification, the next step after the Commissioner’s decision about reconsideration is the COURT OF APPEALS.
PREPONDERANCE OF THE EVIDENCE CHECKLIST

The Commissioner can disqualify an individual even if he or she was not convicted or adjudicated of a disqualifying act, as long as the Commissioner finds that a disqualifying act occurred by a preponderance of the evidence. §245C.14. The evidentiary basis is usually a police report or dismissed charges that were pled to lesser offenses.

I. If the determination is not conclusive, file the written REQUEST FOR RECONSIDERATION within 30 days of receiving the initial disqualification notice.

   A. The best remedy in this situation is to challenge the underlying determination and convince the Commissioner to rescind the disqualification. To do so, you must prove that there is no a preponderance of the evidence that the disqualifying act occurred.

   B. First, gather the evidence used to determine the preponderance determination. Call DHS and request the evidence used to disqualify the individual. Also collect relevant police and sheriff’s reports, court papers, plea agreements, and investigation data. Look for information about dismissing the case because of insufficient evidence or the existence of a defense. Also try to track down witnesses and get their statements.

   C. Next, submit a written response proving that the disqualifying act did not occur, or in the alternative, show that an affirmative defense existed (e.g., self-defense). Submit witness statements and any evidence that you have found.

   D. In addition to challenging the preponderance determination, or even if you cannot do so, ask that the DQ be set aside for this job and argue that the client does not pose a risk of harm to persons served. The risk of harm factors and standards are the same as listed in the maltreatment section. See Maltreatment section, I C. Note: an individual cannot request a set-aside or a variance if the preponderance of the evidence shows a permanent bar. §245C.15 & 24.

II. The appeal path for preponderance cases is nearly identical to maltreatment cases. If the Commissioner denies the written request for reconsideration, they should request A FAIR HEARING under §256.045, subd. 7, to challenge the determination and/or the set aside denial. After the fair hearing, they can request JUDICIAL REVIEW in the county where the offense allegedly occurred, then APPELLATE REVIEW.

---

10 Similar to maltreatment disqualifications, a preponderance of the evidence DQ is conclusive if the client ignored a previous DQ based on the same incident, or if they lost a prior hearing on the matter. §245C.29, subd.2.
SUMMARY OF DISQUALIFICATION CASES

Most of the appellate case law regarding disqualifications is unfavorable because individuals tend to represent themselves *pro se* and they do not make any compelling legal arguments. The following are cases offer explanations to certain statutory provisions and/or are exceptions to the rule and can be used as favorable precedent for future disqualification cases.

**In re S.F., 735 N.W.2d (Minn. Ct. App. 2007).**

- This case does not specifically address the Maltreatment of Minors Act, but it establishes by analogy that physical abuse is not the equivalent of bodily harm. It requires unreasonable force or cruel discipline that is excessive under the circumstances.
- The court reversed a CHIPS adjudication for parents who spanked their 195-pound, 13-year old son with a wooden paddle 36 times because he wielded a knife against his father, threatened suicide, threw a temper tantrum, and left the house without permission.

**In re Kleven, 736 N.W.2d 707 (Minn. App. 2007).**

- § Caretaker relator trained vulnerable adults with the intellectual capacity of infants to say “f—k you” and “a—hole.” The Court of Appeals upheld her disqualification. Relator argued that the Vulnerable Adults Act has a subjective standard regarding caregiver’s conduct that “produces or could reasonably be expected to produce physical pain or injury or emotional distress.” Minn. Stat. §§626.557, subd. 1, 626.5572, subd. 2(b)(2) (2004). She argued that the agency could not prove maltreatment because the alleged victims could not understand the statements. DHS argued that the statute has an implicit objective reasonable person standard.
- § The Court of Appeals conceded that the portion of the statute under scrutiny was ambiguous about whether it had a reasonable person standard. Ultimately, the Court reasoned that when a statute is ambiguous, legislative intent should control interpretation. Because the intent of the Vulnerable Adults Act is to protect Minnesota’s vulnerable population, the Court concluded that an objective reasonable person standard should apply to the Vulnerable Adults Act.

**Johnson v. Smith 374 nw2d 317 (Minn. Ct. App. 1985).**

- This is not a licensing case, however, it is useful to contrast with facts involving child maltreatment. Dicta states that it is parental discipline, not physical abuse, to: hit a child once in the arm with a broomstick, hit them once on the back with a fist, slap them once or twice, hit them on the buttocks with a wooden spoon, and occasionally swear at them.

**In re Welfare of Minor Children of J.B.B., 2001 WL 243221 (Minn. Ct. App. 2001).**

- This is also not a licensing case, but it contains facts that can be contrasted with maltreatment cases. The Court reversed a physical abuse allegation against a father who spanked his children with a wooden lath. The father spanked his children for proper disciplinary reasons.
Absent evidence of excessive force or physical injury, a conclusion that children are in need of protective services is not supported based on claims of the parents using corporal punishment for disciplinary reasons.

This case does not specifically address the Maltreatment of Minors Act, but it reaffirms the point that reasonable parental discipline is not per se physical abuse.

**Rodne v. Comm’r of Human Servs., 547 N.W.2d 440 (Minn. Ct. App. 1996).**

- Use this case to establish that the Commissioner must consider all evidence submitted by the individual. When an individual requests reconsideration under Minn. Stat. § 245A.04, subd. 3b, the Commissioner may not simply disregard information submitted with the request. The Commissioner must consider the information submitted with the request for reconsideration and determine whether the information relied upon to disqualify an individual is incorrect.
- This case is often cited in appellate disqualification cases for the standard of review because disqualifications are quasi-judicial agency decisions not subject to the Administrative Procedures Act. See pp. 444-445.

**Fosslemen v. Comm’r, 612 N.W.2d 456 (Minn. Ct. App. 2000).**

- This case is most commonly used to establish that an individual has a property right in their employment, especially if it involves a license, which means that due process rights attach to disqualification proceedings. See pp. 461-465.
- This case involves a maltreatment determination with an interesting question about causation. The disqualifications were based on relators’ failure to report the maltreatment allegedly occurring at an intermediate-care facility where relators were employed. The commissioner erred on two points in this case: (1) by failing to grant a hearing he violated the due process rights of relator; (2) he found a failure to report maltreatment but did not link that failure to the harm caused by the patient.
- Use this case to contrast with any minor allegations of maltreatment. In this case, the relator actually dislocated a 4-year old child’s elbow. The Court affirmed her disqualification.

- This case is one of the rare instances in which the Court of Appeals reversed the Commissioner’s decision to disqualify an individual because of a criminal conviction. Relator had been convicted of 5th degree sexual assault as juvenile, but he provided sufficient information to show that he did not pose a risk of harm to persons served. The case offers good ideas about how to present information proving that an individual does not pose a risk of harm.

- This case offers reinforcement for, and more importantly, an explanation about why individuals who are disqualified because of convictions are not entitled to evidentiary hearings. This is because they were afforded the “full panoply” of procedural due process rights during the underlying criminal proceedings.

- This case simply reinforces the fact that an individual should not even try to obtain a set-aside if they are still on probation. There is almost no chance that they will be able to prove that they have rehabilitated themselves.

- This case affirms the idea that individuals should always check the accuracy of the Commissioner’s disqualifying information. Mistakes can happen, and individuals can obtain favorable results if they provide correct information.
- In this case, the Commissioner had relied on incorrect information in the BCA report that showed that the relator had been convicted of an aggravated felony, when in fact the relator had been convicted a simple felony. This, combined with the fact the individual had been successfully working extensively with vulnerable individuals, did not give the commissioner a reasonable basis for disqualifying the individual. Accordingly, the court set aside the disqualification.

In re Appeal of Staley, 730 N.W.2d 289 (Minn. Ct. App. 2007).
- This case offers a very thorough analysis of several issues that can be raised on appeal, including substantial evidence and arbitrary and capricious arguments. The court declined to accept any of these theories except that the Commissioner’s decision was affected by an error of law because he construed the definition of maltreatment too broadly. The individual allegedly yelled profanities at an elderly nursing home resident.

The Court of Appeals reversed the Commissioner’s disqualification because he exceeded his statutory authority. The Commissioner cannot disqualify an individual based on a disqualifying offense that was previously set aside, absent any new disqualifying information. The individual had an old theft conviction that was previously set aside. He was accused of maltreatment, but it was not serious or recurring. The Commissioner could not subsequently disqualify the individual based solely on his old theft conviction.

(a) County agencies and private agencies that have been designated or licensed by the commissioner to perform licensing functions and activities under section 245A.04 and chapter 245C, to recommend denial of applicants under section 245A.05, to issue correction orders, to issue variances, and recommend a conditional license under section 245A.06, or to recommend suspending or revoking a license or issuing a fine under section 245A.07, shall comply with rules and directives of the commissioner governing those functions and with this section. The following variances are excluded from the delegation of variance authority and may be issued only by the commissioner:
(1) dual licensure of family child care and child foster care, dual licensure of child and adult foster care, and adult foster care and family child care;
(2) adult foster care maximum capacity;
(3) adult foster care minimum age requirement;
(4) child foster care maximum age requirement;
(5) variances regarding disqualified individuals except that county agencies may issue variances under section 245C.30 regarding disqualified individuals when the county is responsible for conducting a consolidated reconsideration according to sections 245C.25 and 245C.27, subdivision 2, clauses (a) and (b), of a county maltreatment determination and a DQ based on serious or recurring maltreatment; and
(6) the required presence of a caregiver in the adult foster care residence during normal sleeping hours.

(b) County agencies must report:
(1) information about disqualification reconsiderations under sections 245C.25 and 245C.27, subdivision 2, clauses (a) and (b), and variances granted under paragraph (a), clause (5), to the commissioner at least monthly in a format prescribed by the commissioner; and
(2) for relative child foster care applicants and license holders, the number of relatives, as defined in section 260C.007, subdivision 27, and household members of relatives who are disqualified under section 245C.14; the disqualifying characteristics under section 245C.15; the number of these individuals who requested reconsideration under section 245C.21; the number of set-asides under section 245C.22; and variances under section 245C.30 issued. This information shall be reported to the commissioner annually by January 15 of each year in a format prescribed by the commissioner.

(c) For family day care programs, the commissioner may authorize licensing reviews every two years after a licensee has had at least one annual review.
(d) For family adult day services programs, the commissioner may authorize licensing reviews every two years after a licensee has had at least one annual review.

Subd. 2. Investigations. (a) The county or private agency shall conduct timely investigations of allegations of maltreatment of children or adults in programs for which the county or private agency is the commissioner's designated representative and record a disposition of each complaint in accordance with applicable law or rule. The county or private agency shall conduct similar investigations of allegations of violations of rules governing licensure of the program.

(b) If an investigation conducted under clause (a) results in evidence that the commissioner should deny an application or suspend, revoke, or make conditional a license, the county or private agency shall make that recommendation to the commissioner within ten working days.

Subd. 3. Recommendations to the commissioner. The county or private agency shall not make recommendations to the commissioner regarding licensure without first conducting an inspection, study of the applicant, and evaluation pursuant to chapter 245C. The county or private agency must forward its recommendation to the commissioner regarding the appropriate licensing action within 20 working days of receipt of a completed application.

Subd. 4. Enforcement of commissioner's orders. The county or private agency shall enforce the commissioner's orders under sections 245A.07, 245A.08, subdivision 5, and chapter 245C, according to the instructions of the commissioner. The county attorney shall assist the county agency in the enforcement and defense of the commissioner's orders under sections 245A.07, 245A.08, and chapter 245C, according to the instructions of the commissioner, unless a conflict of interest exists between the county attorney and the commissioner. For purposes of this section, a conflict of interest means that the county attorney has a direct or shared financial interest with the license holder or has a personal relationship or family relationship with a party in the licensing action.

Subd. 5. Instruction and technical assistance. The commissioner shall provide instruction and technical assistance to county and private agencies that are subject to this section. County and private agencies shall cooperate with the commissioner in carrying out this section by ensuring that affected employees participate in instruction and technical assistance provided by the commissioner.

Subd. 6. Certification by commissioner. The commissioner shall ensure that rules are uniformly enforced throughout the state by reviewing each county and private agency for compliance with this section and other applicable laws and rules at least every four years. County agencies that comply with this section shall be certified by the commissioner. If a county agency fails to be certified by the commissioner, the commissioner shall certify a reduction of state administrative aids in an amount up to 20 percent of the county's state portion of Children and Community Services Act funding.

245C.08 BACKGROUND STUDY: INFORMATION COMMISSIONER REVIEWS.

Subdivision 1. Background studies conducted by commissioner of human services. (a) For a background study conducted by the commissioner, the commissioner shall review:

(1) information related to names of substantiated perpetrators of maltreatment of vulnerable adults that has been received by the commissioner as required under section 626.557, subdivision 9c, paragraph (i);
(2) the commissioner's records relating to the maltreatment of minors in licensed programs, and from county agency findings of maltreatment of minors as indicated through the social service information system;

(4) information from the Bureau of Criminal Apprehension.

Subd. 2. Background studies conducted by a county or private agency. (a) For a background study conducted by a county or private agency for child foster care, adult foster care, and family child care homes, the commissioner shall review:

(1) information from the county agency's record of substantiated maltreatment of adults and the maltreatment of minors;

(b) If the individual has resided in the county for less than five years, the study shall include
the records specified under paragraph (a) for the previous county or counties of residence for the past five years.
(c) Notwithstanding expungement by a court, the county or private agency may consider information obtained under paragraph (a), clauses (3) and (4), unless the commissioner received notice of the petition for expungement and the court order for expungement is directed specifically to the commissioner.

Subd. 3. **Arrest and investigative information.** (a) For any background study completed under this section, if the commissioner has reasonable cause to believe the information is pertinent to the disqualification of an individual, the commissioner also may review arrest and investigative information from:
(1) the Bureau of Criminal Apprehension;
(2) the commissioner of health;
(3) a county attorney;
(4) a county sheriff;
(5) a county agency;

(7) other states;
(8) the courts; or
(9) the Federal Bureau of Investigation.
(b) The commissioner is not required to conduct more than one review of a subject's records from the Federal Bureau of Investigation if a review of the subject's criminal history with the Federal Bureau of Investigation has already been completed by the commissioner and there has been no break in the subject's affiliation with the license holder who initiated the background study.

Subd. 4. **Juvenile court records.** (a) The commissioner shall review records from the juvenile courts for an individual studied under section 245C.03, subdivision 1, clauses (2) and (5).
(b) For individuals studied under section 245C.03, subdivision 1, clauses (1), (3), (4), and (6), and subdivision 2, who are ages 13 to 17, the commissioner shall review records from the juvenile courts when the commissioner has reasonable cause.
(c) The juvenile courts shall help with the study by giving the commissioner existing juvenile court records on individuals described in section 245C.03, subdivision 1, clauses (2), (5), and (6), relating to delinquency proceedings held within either the five years immediately preceding the background study or the five years immediately preceding the individual's 18th birthday, whichever time period is longer.
(d) For purposes of this chapter, a finding that a delinquency petition is proven in juvenile court shall be considered a conviction in state district court.
(e) The commissioner shall destroy juvenile court records obtained under this subdivision when the subject of the records reaches age 23.

**History:** 2003 c 15 art 1 s 8; 1Sp2003 c 14 art 6 s 5; 2004 c 288 art 1 s 45-47; 1Sp2005 c 4 art 1 s 28,29

**245C.14 DISQUALIFICATION.**

Subdivision 1. **Disqualification from direct contact.** (a) The commissioner shall disqualify an individual who is the subject of a background study from any position allowing direct contact...
with persons receiving services from the license holder or entity identified in section 245C.03, upon receipt of information showing, or when a background study completed under this chapter shows any of the following:

(1) a conviction of or admission to one or more crimes listed in section 245C.15, regardless of whether the conviction or admission is a felony, gross misdemeanor, or misdemeanor level crime;

Subd. 5. Mental illness. The commissioner may not disqualify an individual subject to a background study under this chapter because that individual has, or has had, a mental illness as defined in section 245.462, subdivision 20.
245C.16 DISQUALIFIED INDIVIDUAL'S RISK OF HARM.

Subdivision 1. Determining immediate risk of harm. (a) If the commissioner determines that the individual studied has a disqualifying characteristic, the commissioner shall review the information immediately available and make a determination as to the subject's immediate risk of harm to persons served by the program where the individual studied will have direct contact.

(b) The commissioner shall consider all relevant information available, including the following factors in determining the immediate risk of harm:

(1) the recency of the disqualifying characteristic;
(2) the recency of discharge from probation for the crimes;
(3) the number of disqualifying characteristics;
(4) the intrusiveness or violence of the disqualifying characteristic;
(5) the vulnerability of the victim involved in the disqualifying characteristic;
(6) the similarity of the victim to the persons served by the program where the individual studied will have direct contact; and
(7) whether the individual has a disqualification from a previous background study that has not been set aside.

(c) This section does not apply when the subject of a background study is regulated by a health-related licensing board as defined in chapter 214, and the subject is determined to be responsible for substantiated maltreatment under section 626.556 or 626.557.

(d) If the commissioner has reason to believe, based on arrest information or an active maltreatment investigation, that an individual poses an imminent risk of harm to persons receiving services, the commissioner may order that the person be continuously supervised or immediately removed pending the conclusion of the maltreatment investigation or criminal proceedings.

Subd. 2. Findings. (a) After evaluating the information immediately available under subdivision 1, the commissioner may have reason to believe one of the following:

(1) the individual poses an imminent risk of harm to persons served by the program where the individual studied will have direct contact;
(2) the individual poses a risk of harm requiring continuous, direct supervision while providing direct contact services during the period in which the subject may request a reconsideration; or
(3) the individual does not pose an imminent risk of harm or a risk of harm requiring continuous, direct supervision while providing direct contact services during the period in which the subject may request a reconsideration.

(b) After determining an individual's risk of harm under this section, the commissioner must notify the subject of the background study and the applicant or license holder as required under section 245C.17.

Subd. 3. County agency. (a) County licensing agencies performing duties under this section may develop an alternative system for determining the subject's immediate risk of harm to persons served by the program, providing the notices under subdivision 2, paragraph (b), and documenting the action taken by the county licensing agency.

(b) Each county licensing agency's implementation of the alternative system is subject to approval by the commissioner.
(c) Notwithstanding this alternative system, county licensing agencies shall complete the requirements of section 245C.17.

The electronic notification shall disclose the results of the study or that more time is needed to complete the study.

(d) When the commissioner has completed a prior background study on an individual that resulted in an order for immediate removal and more time is necessary to complete a subsequent study, the notice that more time is needed that is issued under paragraphs (a), (b), and (c) shall include an order for immediate removal of the individual from any position allowing direct contact with or access to people receiving services pending completion of the background study.

Subd. 2. Disqualification notice sent to subject. (a) If the information in the study indicates the individual is disqualified from direct contact with, or from access to, persons served by the program, the commissioner shall disclose to the individual studied:

1. the information causing disqualification;
2. instructions on how to request a reconsideration of the disqualification;
3. an explanation of any restrictions on the commissioner's discretion to set aside the disqualification under section 245C.24, when applicable to the individual;
4. a statement indicating that if the individual's disqualification is set aside or the facility is granted a variance under section 245C.30, the individual's identity and the reason for the individual's disqualification will become public data under section 245C.22, subdivision 7, when applicable to the individual; and
5. the commissioner's determination of the individual's immediate risk of harm under section 245C.16.

(c) If the commissioner determines under section 245C.16 that an individual studied does not pose a risk of harm that requires immediate removal, the individual shall be informed of the conditions under which the agency that initiated the background study may allow the individual to provide direct contact services as provided under subdivision 3.

Subd. 3. Disqualification notification. (a) The commissioner shall notify an applicant, license holder, or other entity as provided in this chapter who is not the subject of the study:

direct contact with, or from access to, persons served by the program; and
(2) the commissioner's determination of the individual's risk of harm under section 245C.16.
(b) If the commissioner determines under section 245C.16 that an individual studied poses
an imminent risk of harm to persons served by the program where the individual studied will
have direct contact, the commissioner shall order the license holder to immediately remove the
individual studied from direct contact.
(c) If the commissioner determines under section 245C.16 that an individual studied poses

(1) immediately remove the individual studied from direct contact services; or
(2) before allowing the disqualified individual to provide direct contact services, the

the disqualification under section 245C.21; and
(iii) ensure that the disqualified individual requests reconsideration within 30 days of receipt
of the notice of disqualification.

pose a risk of harm that requires continuous, direct supervision, the commissioner shall order the
applicant, license holder, or other entities as provided in this chapter to:
(1) immediately remove the individual studied from direct contact services; or
(2) before allowing the disqualified individual to provide direct contact services, the
applicant, license holder, or other entity as provided in this chapter must:

from the commissioner that explains the reason for disqualification; and
(ii) ensure that the disqualified individual requests reconsideration within 15 days of receipt
of the notice of disqualification.
(e) The commissioner shall not notify the applicant, license holder, or other entity as
provided in this chapter of the information contained in the subject's background study unless:
(1) the basis for the disqualification is failure to cooperate with the background study or
substantiated maltreatment under section 626.556 or 626.557;
(2) the Data Practices Act under chapter 13 provides for release of the information; or
(3) the individual studied authorizes the release of the information.

the background study results to the individual who is the subject of the study unless the study
results in a disqualification of the individual.

If a request for reconsideration is made by personal service, it must be received by the commissioner within 30 calendar days after the individual's receipt of the notice of disqualification.

Subd. 3. **Information disqualified individuals must provide when requesting reconsideration.** The disqualified individual requesting reconsideration must submit information showing that:
1. the information the commissioner relied upon in determining the underlying conduct that gave rise to the disqualification is incorrect;
2. for maltreatment, the information the commissioner relied upon in determining that maltreatment was serious or recurring is incorrect; or
3. the subject of the study does not pose a risk of harm to any person served by the applicant, license holder, or other entities as provided in this chapter, by addressing the information required under section 245C.22, subdivision 4.

Subd. 4. **Notice of request for reconsideration.** Upon request, the commissioner may inform the applicant, license holder, or other entities as provided in this chapter who received a notice of the individual's disqualification under section 245C.17, subdivision 3, or has the consent of the disqualified individual, whether the disqualified individual has requested reconsideration.

**245C.22 REVIEW AND ACTION ON A RECONSIDERATION REQUEST.**

Subdivision 1. **Commissioner's time frame for responding to disqualification reconsideration requests.**
(a) The commissioner shall respond in writing or by electronic transmission to all reconsideration requests for which the basis for the request is that the information the commissioner relied upon to disqualify is incorrect or inaccurate within 30 working days of receipt of a request and all relevant information.
(b) If the basis for a disqualified individual's reconsideration request is that the individual does not pose a risk of harm, the commissioner shall respond to the request within 15 working days after receiving the request for reconsideration and all relevant information.
(c) If the disqualified individual's reconsideration request is based on both the correctness or accuracy of the information the commissioner relied upon to disqualify the individual and the individual's risk of harm, the commissioner shall respond to the request within 45 working days after receiving the request for reconsideration and all relevant information.

Subd. 2. **Incorrect information; rescission.** The commissioner shall rescind the disqualification if the commissioner finds that the information relied upon to disqualify the subject is incorrect.

Subd. 3. **Preeminent weight given to safety of persons being served.** In reviewing a request for reconsideration of a disqualification, the commissioner shall give preeminent weight to the safety of each person served by the license holder, applicant, or other entities as provided in this chapter over the interests of the disqualified individual, license holder, applicant, or other entity as provided in this chapter, and any single factor under subdivision 4, paragraph (b), may
be
determinative of the commissioner's decision whether to set aside the individual's
disqualification.

Subd. 4. Risk of harm; set aside. (a) The commissioner may set aside the disqualification if
the commissioner finds that the individual has submitted sufficient information to demonstrate
that the individual does not pose a risk of harm to any person served by the applicant, license
holder, or other entities as provided in this chapter.
(b) In determining whether the individual has met the burden of proof by demonstrating the
individual does not pose a risk of harm, the commissioner shall consider:
(1) the nature, severity, and consequences of the event or events that led to the
disqualification;
(2) whether there is more than one disqualifying event;
(3) the age and vulnerability of the victim at the time of the event;
(4) the harm suffered by the victim;
(5) the similarity between the victim and persons served by the program;
(6) the time elapsed without a repeat of the same or similar event;
(7) documentation of successful completion by the individual studied of training or
rehabilitation pertinent to the event; and
(8) any other information relevant to reconsideration.
(c) If the individual requested reconsideration on the basis that the information relied upon
to disqualify the individual was incorrect or inaccurate and the commissioner determines that
the information relied upon to disqualify the individual is correct, the commissioner must also
determine if the individual poses a risk of harm to persons receiving services in accordance
with paragraph (b).

Subd. 5. Scope of set aside. If the commissioner sets aside a disqualification under this
section, the disqualified individual remains disqualified, but may hold a license and have
direct contact with or access to persons receiving services. The commissioner's set aside of a
disqualification is limited solely to the licensed program, applicant, or agency specified in the set
aside notice under section 245C.23, unless otherwise specified in the notice.

Subd. 6. Recision of set aside. The commissioner may rescind a previous set aside of
a disqualification under this section based on new information that indicates the individual
may pose a risk of harm to persons served by the applicant, license holder, or other entities as
provided in this chapter. If the commissioner rescinds a set aside of a disqualification under this
subdivision, the appeal rights under sections 245C.21, 245C.27, subdivision 1, and 245C.28,
subdivision 3, shall apply.

Subd. 7. Classification of certain data. (a) Notwithstanding section 13.46, upon setting
aside a disqualification under this section, the identity of the disqualified individual who received
the set-aside and the individual's disqualifying characteristics are public data if the set-aside was:
(1) for any disqualifying characteristic under section 245C.15, when the set-aside relates to a
child care center or a family child care provider licensed under chapter 245A; or
(2) for a disqualifying characteristic under section 245C.15, subdivision 2.
(b) Notwithstanding section 13.46, upon granting a variance to a license holder under
section 245C.30, the identity of the disqualified individual who is the subject of the variance, the
individual's disqualifying characteristics under section 245C.15, and the terms of the variance
are public data, when the variance:
(1) is issued to a child care center or a family child care provider licensed under chapter

September 2007 DHS Reconsideration Handbook, Page 66
245A; or
(2) relates to an individual with a disqualifying characteristic under section 245C.15, subdivision 2.
(c) The identity of a disqualified individual and the reason for disqualification remain private data when:
(1) a disqualification is not set aside and no variance is granted;
(2) the data are not public under paragraph (a) or (b);
(3) the disqualification is rescinded because the information relied upon to disqualify the individual is incorrect; or
(4) the disqualification relates to a license to provide relative child foster care. As used in this clause, "relative" has the meaning given it under section 260C.007, subdivision 27.
(d) Licensed family child care providers and child care centers must provide notices as required under section 245C.301.
(e) Notwithstanding paragraphs (a) and (b), the identity of household members who are the subject of a disqualification related set-aside or variance is not public data if:
(1) the household member resides in the residence where the family child care is provided;
(2) the subject of the set-aside or variance is under the age of 18 years; and
(3) the set-aside or variance only relates to a disqualification under section 245C.15, subdivision 4, for a misdemeanor-level theft crime as defined in section 609.52.

245C.23 COMMISSIONER'S RECONSIDERATION NOTICE.

Subdivision 1. Disqualification that is rescinded or set aside. If the commissioner rescinds or sets aside a disqualification, the commissioner shall notify the applicant, license holder, or other entity in writing or by electronic transmission of the decision. In the notice from the commissioner that a disqualification has been rescinded, the commissioner must inform the applicant, license holder, or other entity that the information relied upon to disqualify the individual was incorrect. In the notice from the commissioner that a disqualification has been set aside, the commissioner must inform the applicant, license holder, or other entity of the reason for the individual's disqualification and that information about which factors under section 245C.22, subdivision 4, were the basis of the decision to set aside the disqualification are available to the license holder upon request without the consent of the background study subject.

Subd. 2. Commissioner's notice of disqualification that is not set aside. (a) The commissioner shall notify the license holder of the disqualification and order the license holder to immediately remove the individual from any position allowing direct contact with persons receiving services from the license holder if:
(1) the individual studied does not submit a timely request for reconsideration under section 245C.21;
(2) the individual submits a timely request for reconsideration, but the commissioner does not set aside the disqualification for that license holder under section 245C.22;
(3) an individual who has a right to request a hearing under sections 245C.27 and 256.045, or 245C.28 and chapter 14 for a disqualification that has not been set aside, does not request a hearing within the specified time; or
(4) an individual submitted a timely request for a hearing under sections 245C.27 and
256.045, or 245C.28 and chapter 14, but the commissioner does not set aside the disqualification under section 245A.08, subdivision 5, or 256.045.

(b) If the commissioner does not set aside the disqualification under section 245C.22, and the license holder was previously ordered under section 245C.17 to immediately remove the disqualified individual from direct contact with persons receiving services or to ensure that the individual is under continuous, direct supervision when providing direct contact services, the order remains in effect pending the outcome of a hearing under sections 245C.27 and 256.045, or 245C.28 and chapter 14.

245C.24 DISQUALIFICATION: BAR TO SET ASIDE A DISQUALIFICATION; REQUEST FOR VARIANCE.

Subdivision 1. Minimum disqualification periods. The disqualification periods under subdivisions 3 and 4 are the minimum applicable disqualification periods. The commissioner may determine that an individual should continue to be disqualified from licensure because the individual continues to pose a risk of harm to persons served by that individual, even after the minimum disqualification period has passed.

Subd. 2. Permanent bar to set aside a disqualification. (a) Except as provided in paragraph (b), the commissioner may not set aside the disqualification of any individual disqualified pursuant to this chapter, regardless of how much time has passed, if the individual was disqualified for a crime or conduct listed in section 245C.15, subdivision 1.

(b) For an individual in the chemical dependency field who was disqualified for a crime or conduct listed under section 245C.15, subdivision 1, and whose disqualification was set aside prior to July 1, 2005, the commissioner must consider granting a variance pursuant to section 245C.30 for the license holder for a program dealing primarily with adults. A request for reconsideration evaluated under this paragraph must include a letter of recommendation from the license holder that was subject to the prior set-aside decision addressing the individual's quality of care to children or vulnerable adults and the circumstances of the individual's departure from that service.

Subd. 3. Ten-year bar to set aside disqualification. (a) The commissioner may not set aside the disqualification of an individual in connection with a license to provide family child care for children, foster care for children in the provider's home, or foster care or day care services for adults in the provider's home if: (1) less than ten years has passed since the discharge of the sentence imposed, if any, for the offense; or (2) when disqualified based on a preponderance of evidence determination under section 245A.14, subdivision 1, paragraph (a), clause (2), or an admission under section 245A.14, subdivision 1, paragraph (a), clause (1), and less than ten years has passed since the individual committed the act or admitted to committing the act, whichever is later; and (3) the individual has committed a violation of any of the following offenses: sections 609.165 (felon ineligible to possess firearm); criminal vehicular homicide under 609.21 (criminal vehicular homicide and injury); 609.215 (aiding suicide or aiding attempted suicide); felony violations under 609.223 or 609.2231 (assault in the third or fourth degree); 609.713 (terroristic threats); 609.235 (use of drugs to injure or to facilitate crime); 609.24 (simple robbery); 609.255 (false imprisonment); 609.562 (arson in the second degree); 609.71 (riot); 609.498, subdivision 1
or 1b (aggravated first degree or first degree tampering with a witness); burglary in the first or second degree under 609.582 (burglary); 609.66 (dangerous weapon); 609.665 (spring guns); 609.67 (machine guns and short-barreled shotguns); 609.749, subdivision 2 (gross misdemeanor harassment; stalking); 152.021 or 152.022 (controlled substance crime in the first or second degree); 152.023, subdivision 1, clause (3) or (4) or subdivision 2, clause (4) (controlled substance crime in the third degree); 152.024, subdivision 1, clause (2), (3), or (4) (controlled substance crime in the fourth degree); 609.224, subdivision 2, paragraph (c) (fifth-degree assault by a caregiver against a vulnerable adult); 609.23 (mistreatment of persons confined); 609.231 (mistreatment of residents or patients); 609.2325 (criminal abuse of a vulnerable adult); 609.233 (criminal neglect of a vulnerable adult); 609.2335 (financial exploitation of a vulnerable adult); 609.234 (failure to report); 609.265 (abduction); 609.2664 to 609.2665 (manslaughter of an unborn child in the first or second degree); 609.267 to 609.2672 (assault of an unborn child in the first, second, or third degree); 609.268 (injury or death of an unborn child in the commission of a crime); 617.293 (disseminating or displaying harmful material to minors); a felony-level conviction involving alcohol or drug use, a gross misdemeanor offense under 609.324, subdivision 1 (other prohibited acts); a gross misdemeanor offense under 609.378 (neglect or endangerment of a child); a gross misdemeanor offense under 609.377 (malicious punishment of a child); or 609.72, subdivision 3 (disorderly conduct against a vulnerable adult).

(b) The commissioner may not set aside the disqualification of an individual if less than ten years have passed since the individual's aiding and abetting, attempt, or conspiracy to commit any of the offenses listed in paragraph (a) as each of these offenses is defined in Minnesota Statutes.

(c) The commissioner may not set aside the disqualification of an individual if less than ten years have passed since the discharge of the sentence imposed for an offense in any other state or country, the elements of which are substantially similar to the elements of any of the offenses listed in paragraph (a).

Subd. 4. Seven-year bar to set aside disqualification. The commissioner may not set aside the disqualification of an individual in connection with a license to provide family child care for children, foster care for children in the provider's home, or foster care or day care services for adults in the provider's home if within seven years preceding the study:

1. the individual committed an act that constitutes maltreatment of a child under section 626.556, subdivision 10e, and the maltreatment resulted in substantial bodily harm as defined in section 609.02, subdivision 7a, or substantial mental or emotional harm as supported by competent psychological or psychiatric evidence; or

2. the individual was determined under section 626.557 to be the perpetrator of a substantiated incident of maltreatment of a vulnerable adult that resulted in substantial bodily harm as defined in section 609.02, subdivision 7a, or substantial mental or emotional harm as supported by competent psychological or psychiatric evidence.

245C.25 CONSOLIDATED RECONSIDERATION OF MALTREATMENT DETERMINATION AND DISQUALIFICATION.

(a) If an individual is disqualified on the basis of a determination of maltreatment under section 626.556 or 626.557, which was serious or recurring, and the individual requests...
reconsideration of the maltreatment determination under section 626.556, subdivision 10i, or 626.557, subdivision 9d, and also requests reconsideration of the disqualification under section 245C.21, the commissioner shall consolidate the reconsideration of the maltreatment determination and the disqualification into a single reconsideration.

(b) For maltreatment and disqualification determinations made by county agencies, the county agency shall conduct the consolidated reconsideration. If the county agency has disqualified an individual on multiple bases, one of which is a county maltreatment determination for which the individual has a right to request reconsideration, the county shall conduct the reconsideration of all disqualifications.

(c) If the county has previously conducted a consolidated reconsideration under paragraph (b) of a maltreatment determination and a disqualification based on serious or recurring maltreatment, and the county subsequently disqualifies the individual based on that determination, the county shall conduct the reconsideration of the subsequent disqualification. The scope of the subsequent disqualification shall be limited to whether the individual poses a risk of harm in accordance with section 245C.22, subdivision 4.

245C.26 RECONSIDERATION OF A DISQUALIFICATION FOR AN INDIVIDUAL LIVING IN A LICENSED HOME.

In the case of any ground for disqualification under this chapter, if the act was committed by an individual other than the applicant or license holder residing in the applicant's or license holder's home, the applicant or license holder may seek reconsideration when the individual who committed the act no longer resides in the home.

245C.27 FAIR HEARING RIGHTS.

Subdivision 1. Fair hearing when disqualification is not set aside. (a) If the commissioner does not set aside a disqualification of an individual under section 245C.22 who is disqualified on the basis of a preponderance of evidence that the individual committed an act or acts that meet the definition of any of the crimes listed in section 245C.15; for a determination under section 626.556 or 626.557 of substantiated maltreatment that was serious or recurring under section 245C.15; or for failure to make required reports under section 626.556, subdivision 3; or 626.557, subdivision 3, pursuant to section 245C.15, subdivision 4, paragraph (b), clause (1), the individual may request a fair hearing under section 256.045, unless the disqualification is deemed conclusive under section 245C.29.

(b) The fair hearing is the only administrative appeal of the final agency determination for purposes of appeal by the disqualified individual. The disqualified individual does not have the right to challenge the accuracy and completeness of data under section 13.04.

(c) If the individual was disqualified based on a conviction or admission to any crimes listed in section 245C.15, subdivisions 1 to 4, the reconsideration decision under section 245C.22 is the final agency determination for purposes of appeal by the disqualified individual and is not subject to a hearing under section 256.045. If the individual was disqualified based on a judicial determination, that determination is treated the same as a conviction for purposes of appeal.
(d) This subdivision does not apply to a public employee's appeal of a disqualification under section 245C.28, subdivision 3.

(e) Notwithstanding paragraph (c), if the commissioner does not set aside a disqualification of an individual who was disqualified based on both a preponderance of evidence and a conviction or admission, the individual may request a fair hearing under section 256.045, unless the disqualifications are deemed conclusive under section 245C.29. The scope of the hearing conducted under section 256.045 with regard to the disqualification based on a conviction or admission shall be limited solely to whether the individual poses a risk of harm, according to section 256.045, subdivision 3b.

Subd. 2. **Consolidated fair hearing for maltreatment determination and disqualification not set aside.** (a) If an individual who is disqualified on the bases of serious or recurring maltreatment requests a fair hearing on the maltreatment determination under section 626.556, subdivision 10i, or 626.557, subdivision 9d, and requests a fair hearing under this section on the disqualification, which has not been set aside, the scope of the fair hearing under section 256.045 shall include the maltreatment determination and the disqualification.

(b) A fair hearing is the only administrative appeal of the final agency determination. The disqualified individual does not have the right to challenge the accuracy and completeness of data under section 13.04.

(c) This subdivision does not apply to a public employee's appeal of a disqualification under section 245C.28, subdivision 3.

**History:** 2003 c 15 art 1 s 27; 1Sp2003 c 14 art 6 s 6; 2004 c 288 art 1 s 69,70; 1Sp2005 c 4 art 1 s 41

**245C.28  CONTESTED CASE HEARING RIGHTS.**

Subdivision 1. *License holder.* (a) If a maltreatment determination or a disqualification for which reconsideration was requested and which was not set aside is the basis for a denial of a license under section 245A.05 or a licensing sanction under section 245A.07, the license holder has the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612.

(b) The license holder must submit the appeal in accordance with section 245A.05 or 245A.07, subdivision 3. As provided under section 245A.08, subdivision 2a, the scope of the consolidated contested case hearing must include the disqualification and the licensing sanction or denial of a license.

(c) If the disqualification was based on a determination of substantiated serious or recurring maltreatment under section 626.556 or 626.557, the appeal must be submitted in accordance with sections 245A.07, subdivision 3, and 626.556, subdivision 10i, or 626.557, subdivision 9d. As provided for under section 245A.08, subdivision 2a, the scope of the contested case hearing must include the maltreatment determination, the disqualification, and the licensing sanction or denial of a license. In such cases, a fair hearing must not be conducted under section 256.045.

Subd. 2. *Individual other than license holder.* If the basis for the commissioner's denial of a license under section 245A.05 or a licensing sanction under section 245A.07 is a maltreatment determination or disqualification that was not set aside under section 245C.22, and the disqualified subject is an individual other than the license holder and upon whom a background study must be conducted under section 245C.03, the hearing of all parties may be consolidated into a single contested case hearing upon consent of all parties and the administrative law judge.
Subd. 3. Employees of public employer. (a) If the commissioner does not set aside the disqualification of an individual who is an employee of an employer, as defined in section 179A.03, subdivision 15, the individual may request a contested case hearing under chapter 14. The request for a contested case hearing must be made in writing and must be postmarked and sent within 30 calendar days after the employee receives notice that the disqualification has not been set aside. If the individual was disqualified based on a conviction or admission to any crimes listed in section 245C.15, the scope of the contested case hearing shall be limited solely to whether the individual poses a risk of harm pursuant to section 245C.22. (b) If the commissioner does not set aside a disqualification that is based on a maltreatment determination, the scope of the contested case hearing must include the maltreatment determination and the disqualification. In such cases, a fair hearing must not be conducted under section 256.045. (c) Rules adopted under this chapter may not preclude an employee in a contested case hearing for a disqualification from submitting evidence concerning information gathered under this chapter. (d) When an individual has been disqualified from multiple licensed programs and the disqualifications have not been set aside under section 245C.22, if at least one of the disqualifications entitles the person to a contested case hearing under this subdivision, the scope of the contested case hearing shall include all disqualifications from licensed programs which were not set aside. (e) In determining whether the disqualification should be set aside, the administrative law judge shall consider all of the characteristics that cause the individual to be disqualified in order to determine whether the individual poses a risk of harm. The administrative law judge's recommendation and the commissioner's order to set aside a disqualification that is the subject of the hearing constitutes a determination that the individual does not pose a risk of harm and that the individual may provide direct contact services in the individual program specified in the set aside. 

Subd. 4. Final agency order. The commissioner's final order under section 245A.08, subdivision 5, is conclusive on the issue of maltreatment and disqualification, including for purposes of subsequent background studies. The contested case hearing under this section is the only administrative appeal of the final agency determination, specifically, including a challenge to the accuracy and completeness of data under section 13.04.

245C.29 CONCLUSIVE DETERMINATIONS OR DISPOSITIONS.
Subdivision 1. Conclusive maltreatment determination or disposition. Unless otherwise specified in statute, a maltreatment determination or disposition under section 626.556 or 626.557 is conclusive, if: (1) the commissioner has issued a final order in an appeal of that determination or disposition under section 245A.08, subdivision 5, or 256.045; (2) the individual did not request reconsideration of the maltreatment determination or disposition under section 626.556 or 626.557; or (3) the individual did not request a hearing of the maltreatment determination or disposition under section 256.045.
Subd. 2. **Conclusive disqualification determination.** (a) Unless otherwise specified in statute, a determination that:
(1) the information the commissioner relied upon to disqualify an individual under section 245C.14 was correct based on serious or recurring maltreatment;
(2) a preponderance of the evidence shows that the individual committed an act or acts that meet the definition of any of the crimes listed in section 245C.15; or
(3) the individual failed to make required reports under section 626.556, subdivision 3, or 626.557, subdivision 3, is conclusive if:
   (i) the commissioner has issued a final order in an appeal of that determination under section 245A.08, subdivision 5, or 256.045, or a court has issued a final decision;
   (ii) the individual did not request reconsideration of the disqualification under section 245C.21; or
   (iii) the individual did not request a hearing on the disqualification under section 256.045 or chapter 14.
(b) When a licensing action under section 245A.05, 245A.06, or 245A.07 is based on the disqualification of an individual in connection with a license to provide family child care, foster care for children in the provider's own home, or foster care services for adults in the provider's own home, that disqualification shall be conclusive for purposes of the licensing action if a request for reconsideration was not submitted within 30 calendar days of the individual's receipt of the notice of disqualification.
(c) If a determination that the information relied upon to disqualify an individual was correct and is conclusive under this section, and the individual is subsequently disqualified under section 245C.15, the individual has a right to request reconsideration on the risk of harm under section 245C.21. Subsequent determinations regarding the risk of harm shall be made according to section 245C.22 and are not subject to another hearing under section 256.045 or chapter 14.

**History:** 2003 c 15 art 1 s 29; 2004 c 288 art 1 s 74

**245C.30 VARIANCE FOR A DISQUALIFIED INDIVIDUAL.**

Subdivision 1. **License holder variance.** (a) Except for any disqualification under section 245C.15, subdivision 1, when the commissioner has not set aside a background study subject's disqualification, and there are conditions under which the disqualified individual may provide direct contact services or have access to people receiving services that minimize the risk of harm to people receiving services, the commissioner may grant a time-limited variance to a license holder.
(b) The variance shall state the reason for the disqualification, the services that may be provided by the disqualified individual, and the conditions with which the license holder or applicant must comply for the variance to remain in effect.
(c) Except for programs licensed to provide family child care, foster care for children in the provider's own home, or foster care or day care services for adults in the provider's own home, the variance must be requested by the license holder.

Subd. 2. **Disclosure of reason for disqualification.** (a) The commissioner may not grant a variance for a disqualified individual unless the applicant or license holder requests the variance and the disqualified individual provides written consent for the commissioner to disclose to the applicant or license holder the reason for the disqualification.
(b) This subdivision does not apply to programs licensed to provide family child care for children, foster care for children in the provider's own home, or foster care or day care services for adults in the provider's own home. When the commissioner grants a variance for a disqualified individual in connection with a license to provide the services specified in this paragraph, the disqualified individual's consent is not required to disclose the reason for the disqualification to the license holder in the variance issued under subdivision 1.

Subd. 3. Consequences for failing to comply with conditions of variance. When a license holder permits a disqualified individual to provide any services for which the subject is disqualified without complying with the conditions of the variance, the commissioner may terminate the variance effective immediately and subject the license holder to a licensing action under sections 245A.06 and 245A.07.

Subd. 4. Termination of a variance. The commissioner may terminate a variance for a disqualified individual at any time for cause.

Subd. 5. Final decision. The commissioner's decision to grant or deny a variance is final and not subject to appeal under the provisions of chapter 14.

DISQUALIFICATION BASED ON MALTREATMENT.

Subdivision 1. Board determines disciplinary or corrective action. (a) When the subject of a background study is regulated by a health-related licensing board as defined in chapter 214, and the commissioner determines that the regulated individual is responsible for substantiated maltreatment under section 626.556 or 626.557, instead of the commissioner making a decision regarding disqualification, the board shall make a determination whether to impose disciplinary or corrective action under chapter 214.

(b) This section does not apply to a background study of an individual regulated by a health-related licensing board if the individual's study is related to child foster care, adult foster care, or family child care licensure.

Subd. 2. Commissioner's notice to board. (a) The commissioner shall notify the health-related licensing board:
(1) upon completion of a background study that produces a record showing that the individual was determined to have been responsible for substantiated maltreatment;
(2) upon the commissioner's completion of an investigation that determined the individual was responsible for substantiated maltreatment; or
(3) upon receipt from another agency of a finding of substantiated maltreatment for which the individual was responsible.

(b) The commissioner's notice to the health-related licensing board shall indicate whether the commissioner would have disqualified the individual for the substantiated maltreatment if the individual were not regulated by the board.

(c) The commissioner shall concurrently send the notice under this subdivision to the individual who is the subject of the background study.

Subd. 3. Commissioner's or local agency's referral to board. (a) When the commissioner or a local agency has reason to believe that the direct contact services provided by an individual
may fall within the jurisdiction of a health-related licensing board, the commissioner or local agency shall refer the matter to the board as provided in this section.

(b) If, upon review of the information provided by the commissioner, a health-related licensing board informs the commissioner that the board does not have jurisdiction to take disciplinary or corrective action, the commissioner shall make the appropriate disqualification decision regarding the individual as otherwise provided in this chapter.

Subd. 4. Facility monitoring. (a) The commissioner has the authority to monitor the facility's compliance with any requirements that the health-related licensing board places on regulated individuals practicing in a facility either during the period pending a final decision on a disciplinary or corrective action or as a result of a disciplinary or corrective action. The commissioner has the authority to order the immediate removal of a regulated individual from direct contact or access when a board issues an order of temporary suspension based on a determination that the regulated individual poses an immediate risk of harm to persons receiving services in a licensed facility.

(b) A facility that allows a regulated individual to provide direct contact services while not complying with the requirements imposed by the health-related licensing board is subject to action by the commissioner as specified under sections 245A.06 and 245A.07.

(c) The commissioner shall notify a health-related licensing board immediately upon receipt of knowledge of a facility's or individual's noncompliance with requirements the board placed on a facility or upon an individual regulated by the board.

256.045 ADMINISTRATIVE AND JUDICIAL REVIEW OF HUMAN SERVICE MATTERS.

Subdivision 1. Powers of the state agency. The commissioner of human services may appoint one or more state human services referees to conduct hearings and recommend orders in accordance with subdivisions 3, 3a, 3b, 4a, and 5. Human services referees designated pursuant to this section may administer oaths and shall be under the control and supervision of the commissioner of human services and shall not be a part of the Office of Administrative Hearings established pursuant to sections 14.48 to 14.56.

Subd. 2. [Repealed, 1987 c 148 s 9]

Subd. 3. State agency hearings. (a) State agency hearings are available for the following:
(1) any person applying for, receiving or having received public assistance, medical care, or a program of social services granted by the state agency or a county agency or the federal Food Stamp Act whose application for assistance is denied, not acted upon with reasonable promptness, or whose assistance is suspended, reduced, terminated, or claimed to have been incorrectly paid;
(2) any patient or relative aggrieved by an order of the commissioner under section 252.27; (3) a party aggrieved by a ruling of a prepaid health plan; (4) except as provided under chapter 245C, any individual or facility determined by a lead agency to have maltreated a vulnerable adult under section 626.557 after they have exercised their right to administrative reconsideration under section 626.557; (5) any person whose claim for foster care payment according to a placement of the child resulting from a child protection assessment under section 626.556 is denied or not acted upon with reasonable promptness, regardless of funding source; (6) any person to whom a right of appeal according to this section is given by other provision of law; (7) an applicant aggrieved by an adverse decision to an application for a hardship waiver under section 256B.15; (8) an applicant aggrieved by an adverse decision to an application or redetermination for a Medicare Part D prescription drug subsidy under section 256B.04, subdivision 4a; (9) except as provided under chapter 245A, an individual or facility determined to have maltreated a minor under section 626.556, after the individual or facility has exercised the right to administrative reconsideration under section 626.556; or (10) except as provided under chapter 245C, an individual disqualified under sections 245C.14 and 245C.15, on the basis of serious or recurring maltreatment; a preponderance of the evidence that the individual has committed an act or acts that meet the definition of any of the crimes listed in section 245C.15, subdivisions 1 to 4; or for failing to make reports required under section 626.556, subdivision 3, or 626.557, subdivision 3.

Hearings regarding a maltreatment determination under clause (4) or (9) and a disqualification under this clause in which the basis for a disqualification is serious or recurring maltreatment, which has not been set aside under sections 245C.22 and 245C.23, shall be consolidated into a single fair hearing. In such cases, the scope of review by the human services referee shall include both the maltreatment determination and the disqualification. The failure to exercise the right to an administrative reconsideration shall not be a bar to a hearing under this section if federal law provides an individual the right to a hearing to dispute a finding of maltreatment. Individuals and organizations specified in this section may contest the specified action, decision, or final disposition before the state agency by submitting a written request for a hearing to the state agency within 30 days after receiving written notice of the action, decision, or final disposition, or within 90 days of such written notice if the applicant, recipient, patient, or relative shows good
cause why the request was not submitted within the 30-day time limit. The hearing for an individual or facility under clause (4), (9), or (10) is the only administrative appeal to the final agency determination specifically, including a challenge to the accuracy and completeness of data under section 13.04. Hearings requested under clause (4) apply only to incidents of maltreatment that occur on or after October 1, 1995. Hearings requested by nursing assistants in nursing homes alleged to have maltreated a resident prior to October 1, 1995, shall be held as a contested case proceeding under the provisions of chapter 14. Hearings requested under clause (9) apply only to incidents of maltreatment that occur on or after July 1, 1997. A hearing for an individual or facility under clause (9) is only available when there is no juvenile court or adult criminal action pending. If such action is filed in either court while an administrative review is pending, the administrative review must be suspended until the judicial actions are completed. If the juvenile court action or criminal charge is dismissed or the criminal action overturned, the matter may be considered in an administrative hearing. For purposes of this section, bargaining unit grievance procedures are not an administrative appeal. The scope of hearings involving claims to foster care payments under clause (5) shall be limited to the issue of whether the county is legally responsible for a child's placement under court order or voluntary placement agreement and, if so, the correct amount of foster care payment to be made on the child's behalf and shall not include review of the propriety of the county's child protection determination or child placement decision.

(b) A vendor of medical care as defined in section 256B.02, subdivision 7, or a vendor under contract with a county agency to provide social services is not a party and may not request a hearing under this section, except if assisting a recipient as provided in subdivision 4.

(c) An applicant or recipient is not entitled to receive social services beyond the services prescribed under chapter 256M or other social services the person is eligible for under state law.

(d) The commissioner may summarily affirm the county or state agency's proposed action without a hearing when the sole issue is an automatic change due to a change in state or federal law.

Subd. 3a. Prepaid health plan appeals. (a) All prepaid health plans under contract to the commissioner under chapter 256B or 256D must provide for a complaint system according to section 62D.11. When a prepaid health plan denies, reduces, or terminates a health service or denies a request to authorize a previously authorized health service, the prepaid health plan must notify the recipient of the right to file a complaint or an appeal. The notice must include the name and telephone number of the ombudsman and notice of the recipient's right to request a hearing under paragraph (b). Recipients may request the assistance of the ombudsman in the complaint system process. The prepaid health plan must issue a written resolution of the complaint to the recipient within 30 days after the complaint is filed with the prepaid health plan. A recipient is not required to exhaust the complaint system procedures in order to request a hearing under paragraph (b).

(b) Recipients enrolled in a prepaid health plan under chapter 256B or 256D may contest a prepaid health plan's denial, reduction, or termination of health services, a prepaid health plan's denial of a request to authorize a previously authorized health service, or the prepaid health plan's written resolution of a complaint by submitting a written request for a hearing according
to subdivision 3. A state human services referee shall conduct a hearing on the matter and shall recommend an order to the commissioner of human services. The commissioner need not grant a hearing if the sole issue raised by a recipient is the commissioner's authority to require mandatory enrollment in a prepaid health plan in a county where prepaid health plans are under contract with the commissioner. The state human services referee may order a second medical opinion from the prepaid health plan or may order a second medical opinion from a nonprepaid health plan provider at the expense of the prepaid health plan. Recipients may request the assistance of the ombudsman in the appeal process.

(c) In the written request for a hearing to appeal from a prepaid health plan's denial, reduction, or termination of a health service, a prepaid health plan's denial of a request to authorize a previously authorized service, or the prepaid health plan's written resolution to a complaint, a recipient may request an expedited hearing. If an expedited appeal is warranted, the state human services referee shall hear the appeal and render a decision within a time commensurate with the level of urgency involved, based on the individual circumstances of the case.

Subd. 3b. **Standard of evidence for maltreatment and disqualification hearings.** (a) The state human services referee shall determine that maltreatment has occurred if a preponderance of evidence exists to support the final disposition under sections 626.556 and 626.557. For purposes of hearings regarding disqualification, the state human services referee shall affirm the proposed disqualification in an appeal under subdivision 3, paragraph (a), clause (9), if a preponderance of the evidence shows the individual has:

(1) committed maltreatment under section 626.556 or 626.557, which is serious or recurring;

(2) committed an act or acts meeting the definition of any of the crimes listed in section 245C.15, subdivisions 1 to 4;

(3) failed to make required reports under section 626.556 or 626.557, for incidents in which the final disposition under section 626.556 or 626.557 was substantiated maltreatment that was serious or recurring.

(b) If the disqualification is affirmed, the state human services referee shall determine whether the individual poses a risk of harm in accordance with the requirements of section 245C.16, and whether the disqualification should be set aside or not set aside. In determining whether the disqualification should be set aside, the human services referee shall consider all of the characteristics that cause the individual to be disqualified, including those characteristics that were not subject to review under paragraph (a), in order to determine whether the individual poses a risk of harm. A decision to set aside a disqualification that is the subject of the hearing constitutes a determination that the individual does not pose a risk of harm and that the individual may provide direct contact services in the individual program specified in the set aside. If a determination that the information relied upon to disqualify an individual was correct and is conclusive under section 245C.29, and the individual is subsequently disqualified under section 245C.14, the individual
has
a right to again request reconsideration on the risk of harm under section 245C.21. Subsequent
determinations regarding risk of harm are not subject to another hearing under this section.

(c) The state human services referee shall recommend an order to the commissioner of health,
education, or human services, as applicable, who shall issue a final order. The commissioner
shall affirm, reverse, or modify the final disposition. Any order of the commissioner issued in
accordance with this subdivision is conclusive upon the parties unless appeal is taken in the
manner provided in subdivision 7. In any licensing appeal under chapters 245A and 245C and
sections 144.50 to 144.58 and 144A.02 to 144A.46, the commissioner's determination as to
maltreatment is conclusive, as provided under section 245C.29.

Subd. 3c.[Repealed, 2005 c 98 art 2 s 18]

Subd. 4. Conduct of hearings. (a) All hearings held pursuant to subdivision 3, 3a, 3b, or
4a shall be conducted according to the provisions of the federal Social Security Act and the
regulations implemented in accordance with that act to enable this state to qualify for federal
grants-in-aid, and according to the rules and written policies of the commissioner of human
services. County agencies shall install equipment necessary to conduct telephone hearings. A
state human services referee may schedule a telephone conference hearing when the distance or
time required to travel to the county agency offices will cause a delay in the issuance of an order,
or to promote efficiency, or at the mutual request of the parties. Hearings may be conducted
by telephone conferences unless the applicant, recipient, former recipient, person, or facility
contesting maltreatment objects. The hearing shall not be held earlier than five days after filing
of the required notice with the county or state agency. The state human services referee shall
notify all interested persons of the time, date, and location of the hearing at least five days
before the date of the hearing. Interested persons may be represented by legal counsel or other
representative of their choice, including a provider of therapy services, at the hearing and may
appear personally, testify and offer evidence, and examine and cross-examine witnesses. The
applicant, recipient, former recipient, person, or facility contesting maltreatment shall have the
opportunity to examine the contents of the case file and all documents and records to be used by
the county or state agency at the hearing at a reasonable time before the date of the hearing and
during the hearing. In hearings under subdivision 3, paragraph (a), clauses (4), (8), and (9), either
party may subpoena the private data relating to the investigation prepared by the agency under
section 626.556 or 626.557 that is not otherwise accessible under section 13.04, provided the
identity of the reporter may not be disclosed.

(b) The private data obtained by subpoena in a hearing under subdivision 3, paragraph (a),
clause (4), (8), or (9), must be subject to a protective order which prohibits its disclosure for
any other purpose outside the hearing provided for in this section without prior order of the
district court. Disclosure without court order is punishable by a sentence of not more than 90
days
imprisonment or a fine of not more than $1,000, or both. These restrictions on the use of private
data do not prohibit access to the data under section 13.03, subdivision 6. Except for appeals
under subdivision 3, paragraph (a), clauses (4), (5), (8), and (9), upon request, the county agency
shall provide reimbursement for transportation, child care, photocopying, medical assessment,
witness fee, and other necessary and reasonable costs incurred by the applicant, recipient, or
former recipient in connection with the appeal. All evidence, except that privileged by law,
commonly accepted by reasonable people in the conduct of their affairs as having probative
value with respect to the issues shall be submitted at the hearing and such hearing shall not be
"a contested case" within the meaning of section 14.02, subdivision 3. The agency must present its evidence prior to or at the hearing, and may not submit evidence after the hearing except by agreement of the parties at the hearing, provided the petitioner has the opportunity to respond. (c) In hearings under subdivision 3, paragraph (a), clauses (4), (8), and (9), involving determinations of maltreatment or disqualification made by more than one county agency, by a county agency and a state agency, or by more than one state agency, the hearings may be consolidated into a single fair hearing upon the consent of all parties and the state human services referee.

Subd. 4a. Case management appeals. Any recipient of case management services pursuant to section 256B.092, who contests the county agency's action or failure to act in the provision of those services, other than a failure to act with reasonable promptness or a suspension, reduction, denial, or termination of services, must submit a written request for a conciliation conference to the county agency. The county agency shall inform the commissioner of the receipt of a request when it is submitted and shall schedule a conciliation conference. The county agency shall notify the recipient, the commissioner, and all interested persons of the time, date, and location of the conciliation conference. The commissioner may assist the county by providing mediation services or by identifying other resources that may assist in the mediation between the parties. Within 30 days, the county agency shall conduct the conciliation conference and inform the recipient in writing of the action the county agency is going to take and when that action will be taken and notify the recipient of the right to a hearing under this subdivision. The conciliation conference shall be conducted in a manner consistent with the commissioner's instructions. If the county agency fails to conduct the conciliation conference and issue its report within 30 days, or, at any time up to 90 days after the conciliation conference is held, a recipient may submit to the commissioner a written request for a hearing before a state human services referee to determine whether case management services have been provided in accordance with applicable laws and rules or whether the county agency has assured that the services identified in the recipient's individual service plan have been delivered in accordance with the laws and rules governing the provision of those services. The state human services referee shall recommend an order to the commissioner, who shall, in accordance with the procedure in subdivision 5, issue a final order within 60 days of the receipt of the request for a hearing, unless the commissioner refuses to accept the recommended order, in which event a final order shall issue within 90 days of the receipt of that request. The order may direct the county agency to take those actions necessary to comply with applicable laws or rules. The commissioner may issue a temporary order prohibiting the demission of a recipient of case management services from a residential or day habilitation program licensed under chapter 245A, while a county agency review process or an appeal brought by a recipient under this subdivision is pending, or for the period of time necessary for the county agency to implement the commissioner's order. The commissioner shall not issue a final order staying the demission of a recipient of case management services from a residential or day habilitation program licensed under chapter 245A.

Subd. 5. Orders of the commissioner of human services. A state human services referee shall conduct a hearing on the appeal and shall recommend an order to the commissioner of human services. The recommended order must be based on all relevant evidence and must not
be limited to a review of the propriety of the state or county agency's action. A referee may take official notice of adjudicative facts. The commissioner of human services may accept the recommended order of a state human services referee and issue the order to the county agency and the applicant, recipient, former recipient, or prepaid health plan. The commissioner on refusing to accept the recommended order of the state human services referee, shall notify the petitioner, the agency, or prepaid health plan of that fact and shall state reasons therefor and shall allow each party ten days' time to submit additional written argument on the matter. After the expiration of the ten-day period, the commissioner shall issue an order on the matter to the petitioner, the agency, or prepaid health plan.

A party aggrieved by an order of the commissioner may appeal under subdivision 7, or request reconsideration by the commissioner within 30 days after the date the commissioner issues the order. The commissioner may reconsider an order upon request of any party or on the commissioner's own motion. A request for reconsideration does not stay implementation of the commissioner's order. Upon reconsideration, the commissioner may issue an amended order or an order affirming the original order.

Any order of the commissioner issued under this subdivision shall be conclusive upon the parties unless appeal is taken in the manner provided by subdivision 7. Any order of the commissioner is binding on the parties and must be implemented by the state agency, a county agency, or a prepaid health plan according to subdivision 3a, until the order is reversed by the district court, or unless the commissioner or a district court orders monthly assistance or aid or services paid or provided under subdivision 10.

A vendor of medical care as defined in section 256B.02, subdivision 7, or a vendor under contract with a county agency to provide social services is not a party and may not request a hearing or seek judicial review of an order issued under this section, unless assisting a recipient as provided in subdivision 4. A prepaid health plan is a party to an appeal under subdivision 3a, but cannot seek judicial review of an order issued under this section.

Subd. 6. Additional powers of commissioner; subpoenas. (a) The commissioner of human services, or the commissioner of health for matters within the commissioner's jurisdiction under subdivision 3b, may initiate a review of any action or decision of a county agency and direct that the matter be presented to a state human services referee for a hearing held under subdivision 3, 3a, 3b, or 4a. In all matters dealing with human services committed by law to the discretion of the county agency, the commissioner's judgment may be substituted for that of the county agency. The commissioner may order an independent examination when appropriate.

(b) Any party to a hearing held pursuant to subdivision 3, 3a, 3b, or 4a may request that the commissioner issue a subpoena to compel the attendance of witnesses and the production of records at the hearing. A local agency may request that the commissioner issue a subpoena to compel the release of information from third parties prior to a request for a hearing under section 256.046 upon a showing of relevance to such a proceeding. The issuance, service, and enforcement of subpoenas under this subdivision is governed by section 357.22 and the Minnesota Rules of Civil Procedure.

(c) The commissioner may issue a temporary order staying a proposed demission by a residential facility licensed under chapter 245A while an appeal by a recipient under subdivision 3 is pending or for the period of time necessary for the county agency to implement the
commissioner's order.

Subd. 7. Judicial review. Except for a prepaid health plan, any party who is aggrieved by an order of the commissioner of human services, or the commissioner of health in appeals within the commissioner's jurisdiction under subdivision 3b, may appeal the order to the district court of the county responsible for furnishing assistance, or, in appeals under subdivision 3b, the county where the maltreatment occurred, by serving a written copy of a notice of appeal upon the commissioner and any adverse party of record within 30 days after the date the commissioner issued the order, the amended order, or order affirming the original order, and by filing the original notice and proof of service with the court administrator of the district court. Service may be made personally or by mail; service by mail is complete upon mailing; no filing fee shall be required by the court administrator in appeals taken pursuant to this subdivision, with the exception of appeals taken under subdivision 3b. The commissioner may elect to become a party to the proceedings in the district court. Except for appeals under subdivision 3b, any party may demand that the commissioner furnish all parties to the proceedings with a copy of the decision, and a transcript of any testimony, evidence, or other supporting papers from the hearing held before the human services referee, by serving a written demand upon the commissioner within 30 days after service of the notice of appeal. Any party aggrieved by the failure of an adverse party to obey an order issued by the commissioner under subdivision 5 may compel performance according to the order in the manner prescribed in sections 586.01 to 586.12.

Subd. 8. Hearing. Any party may obtain a hearing at a special term of the district court by serving a written notice of the time and place of the hearing at least ten days prior to the date of the hearing. The court may consider the matter in or out of chambers, and shall take no new or additional evidence unless it determines that such evidence is necessary for a more equitable disposition of the appeal.

Subd. 9. Appeal. Any party aggrieved by the order of the district court may appeal the order as in other civil cases. Except for appeals under subdivision 3b, no costs or disbursements shall be taxed against any party nor shall any filing fee or bond be required of any party.

Subd. 10. Payments pending appeal. If the commissioner of human services or district court orders monthly assistance or aid or services paid or provided in any proceeding under this section, it shall be paid or provided pending appeal to the commissioner of human services, district court, court of appeals, or supreme court. The human services referee may order the local human services agency to reduce or terminate medical assistance or general assistance medical care to a recipient before a final order is issued under this section if: (1) the human services referee determines at the hearing that the sole issue on appeal is one of a change in state or federal law; and (2) the commissioner or the local agency notifies the recipient before the action. The state or county agency has a claim for food stamps, food support, cash payments, medical assistance, general assistance medical care, and MinnesotaCare program payments made to or on behalf of a recipient or former recipient while an appeal is pending if the recipient or former recipient is determined ineligible for the food stamps, food support, cash payments, medical assistance,
general assistance medical care, or MinnesotaCare as a result of the appeal, except for medical assistance and general assistance medical care made on behalf of a recipient pursuant to a court order. In enforcing a claim on MinnesotaCare program payments, the state or county agency shall reduce the claim amount by the value of any premium payments made by a recipient or former recipient during the period for which the recipient or former recipient has been determined to be ineligible. Provision of a health care service by the state agency under medical assistance, general assistance medical care, or MinnesotaCare pending appeal shall not render moot the state agency's position in a court of law.

**EXCERPT FROM MINN STAT CHAPTER 626.556**

### 626.556 REPORTING OF MALTREATMENT OF MINORS.

Subd. 3a. *Report of deprivation of parental rights or kidnapping.* A person mandated to report under subdivision 3, who knows or has reason to know of a violation of section 609.25 or 609.26, shall report the information to the local police department or the county sheriff. Receipt by a local welfare agency of a report or notification of a report of a violation of section 609.25 or 609.26 shall not be construed to invoke the duties of subdivision 10, 10a, or 10b.

Subd. 3b. *Agency responsible for assessing or investigating reports of maltreatment.* The Department of Education is the agency responsible for assessing or investigating allegations of child maltreatment in schools as defined in sections 120A.05, subdivisions 9, 11, subdivision 13; and 124D.10.

Subd. 3c. *Local welfare agency, Department of Human Services or Department of Health responsible for assessing or investigating reports of maltreatment.* (a) The county local welfare agency is the agency responsible for assessing or investigating allegations of maltreatment in child foster care, family child care, and legally unlicensed child care and in juvenile correctional facilities licensed under section 241.021 located in the local welfare agency's county. (b) The Department of Human Services is the agency responsible for assessing or investigating allegations of maltreatment in facilities licensed under chapters 245A and 245B,
except for child foster care and family child care.
(c) The Department of Health is the agency responsible for assessing or investigating allegations of child maltreatment in facilities licensed under sections 144.50 to 144.58, and in unlicensed home health care.
(d) The commissioners of human services, public safety, and education must jointly submit a written report by January 15, 2007, to the education policy and finance committees of the legislature recommending the most efficient and effective allocation of agency responsibility for assessing or investigating reports of maltreatment and must specifically address allegations of maltreatment that currently are not the responsibility of a designated agency.

Subd. 3d. **Authority to interview.** The agency responsible for assessing or investigating reports of child maltreatment has the authority to interview the child, the person or persons responsible for the child's care, the alleged perpetrator, and any other person with knowledge of the abuse or neglect for the purpose of gathering the facts, assessing safety and risk to the child, and formulating a plan.

Subd. 4. **Immunity from liability.** (a) The following persons are immune from any civil or criminal liability that otherwise might result from their actions, if they are acting in good faith:
(1) any person making a voluntary or mandated report under subdivision 3 or under section 626.5561 or assisting in an assessment under this section or under section 626.5561;
(2) any person with responsibility for performing duties under this section or supervisor employed by a local welfare agency, the commissioner of an agency responsible for operating or supervising a licensed or unlicensed day care facility, residential facility, agency, hospital, sanitarium, or other facility or institution required to be licensed under sections 144.50 to 144.58; 241.021; 245A.01 to 245A.16; or 245B, or a school as defined in sections 120A.05, subdivisions 9, 11, and 13; and 124D.10; or a nonlicensed personal care provider organization as defined in sections 256B.04, subdivision 16; and 256B.0625, subdivision 19a, complying with subdivision 10d; and
(3) any public or private school, facility as defined in subdivision 2, or the employee of any public or private school or facility who permits access by a local welfare agency, the Department of Education, or a local law enforcement agency and assists in an investigation or assessment pursuant to subdivision 10 or under section 626.5561.
(b) A person who is a supervisor or person with responsibility for performing duties under this section employed by a local welfare agency, the commissioner of human services, or the commissioner of education complying with subdivisions 10 and 11 or section 626.5561 or any related rule or provision of law is immune from any civil or criminal liability that might otherwise result from the person's actions, if the person is (1) acting in good faith and exercising due care, or
(2) acting in good faith and following the information collection procedures established under subdivision 10, paragraphs (h), (i), and (j).
(c) This subdivision does not provide immunity to any person for failure to make a required report or for committing neglect, physical abuse, or sexual abuse of a child.
(d) If a person who makes a voluntary or mandatory report under subdivision 3 prevails in a civil action from which the person has been granted immunity under this subdivision, the court may award the person attorney fees and costs.

Subd. 4a. **Retaliation prohibited.** (a) An employer of any person required to make reports under subdivision 3 shall not retaliate against the person for reporting in good faith abuse or
neglect pursuant to this section, or against a child with respect to whom a report is made, because of the report.

(b) The employer of any person required to report under subdivision 3 who retaliates against the person because of a report of abuse or neglect is liable to that person for actual damages and, in addition, a penalty up to $10,000.

(c) There shall be a rebuttable presumption that any adverse action within 90 days of a report is retaliatory. For purposes of this paragraph, the term "adverse action" refers to action taken by an employer of a person required to report under subdivision 3 which is involved in a report against the person making the report or the child with respect to whom the report was made because of the report, and includes, but is not limited to:

1. discharge, suspension, termination, or transfer from the facility, institution, school, or agency;
2. discharge from or termination of employment;
3. demotion or reduction in remuneration for services; or
4. restriction or prohibition of access to the facility, institution, school, agency, or persons affiliated with it.

Subd. 5. Malicious and reckless reports. Any person who knowingly or recklessly makes a false report under the provisions of this section shall be liable in a civil suit for any actual damages suffered by the person or persons so reported and for any punitive damages set by the court or jury, plus costs and reasonable attorney fees.

Subd. 6. Failure to report. (a) A person mandated by this section to report who knows or has reason to believe that a child is neglected or physically or sexually abused, as defined in subdivision 2, or has been neglected or physically or sexually abused within the preceding three years, and fails to report is guilty of a misdemeanor.

(b) A person mandated by this section to report who knows or has reason to believe that two or more children not related to the perpetrator have been physically or sexually abused, as defined in subdivision 2, by the same perpetrator within the preceding ten years, and fails to report is guilty of a gross misdemeanor.

(c) A parent, guardian, or caretaker who knows or reasonably should know that the child's health is in serious danger and who fails to report as required by subdivision 2, paragraph (c), is guilty of a gross misdemeanor if the child suffers substantial or great bodily harm because of the lack of medical care. If the child dies because of the lack of medical care, the person is guilty of a felony and may be sentenced to imprisonment for not more than two years or to payment of a fine of not more than $4,000, or both. The provision in section 609.378, subdivision 1, paragraph (a), clause (1), providing that a parent, guardian, or caretaker may, in good faith, select and depend on spiritual means or prayer for treatment or care of a child, does not exempt a parent, guardian, or caretaker from the duty to report under this subdivision.

Subd. 6a. Failure to notify. If a local welfare agency receives a report under subdivision 3, paragraph (a) or (b) and fails to notify the local police department or county sheriff as required by subdivision 3, paragraph (a) or (b), the person within the agency who is responsible for ensuring
that notification is made shall be subject to disciplinary action in keeping with the agency's existing policy or collective bargaining agreement on discipline of employees. If a local police department or a county sheriff receives a report under subdivision 3, paragraph (a) or (b) and fails to notify the local welfare agency as required by subdivision 3, paragraph (a) or (b), the person within the police department or county sheriff's office who is responsible for ensuring that notification is made shall be subject to disciplinary action in keeping with the agency's existing policy or collective bargaining agreement on discipline of employees.

Subd. 7. **Report.** An oral report shall be made immediately by telephone or otherwise. An oral report made by a person required under subdivision 3 to report shall be followed within 72 hours, exclusive of weekends and holidays, by a report in writing to the appropriate police department, the county sheriff, the agency responsible for assessing or investigating the report, or the local welfare agency, unless the appropriate agency has informed the reporter that the oral information does not constitute a report under subdivision 10. Any report shall be of sufficient content to identify the child, any person believed to be responsible for the abuse or neglect of the child if the person is known, the nature and extent of the abuse or neglect and the name and address of the reporter. If requested, the local welfare agency or the agency responsible for assessing or investigating the report shall inform the reporter within ten days after the report is made, either orally or in writing, whether the report was accepted for assessment or investigation. Written reports received by a police department or the county sheriff shall be forwarded immediately to the local welfare agency or the agency responsible for assessing or investigating the report. The police department or the county sheriff may keep copies of reports received by them. Copies of written reports received by a local welfare department or the agency responsible for assessing or investigating the report shall be forwarded immediately to the local police department or the county sheriff.

A written copy of a report maintained by personnel of agencies, other than welfare or law enforcement agencies, which are subject to chapter 13 shall be confidential. An individual subject of the report may obtain access to the original report as provided by subdivision 11.

Subd. 8. **Evidence not privileged.** No evidence relating to the neglect or abuse of a child or to any prior incidents of neglect or abuse involving any of the same persons accused of neglect or abuse shall be excluded in any proceeding arising out of the alleged neglect or physical or sexual abuse on the grounds of privilege set forth in section 595.02, subdivision 1, paragraph (a), (d), or (g).

Subd. 9. **Mandatory reporting to a medical examiner or coroner.** When a person required to report under the provisions of subdivision 3 knows or has reason to believe a child has died as a result of neglect or physical or sexual abuse, the person shall report that information to the appropriate medical examiner or coroner instead of the local welfare agency, police department, or county sheriff. Medical examiners or coroners shall notify the local welfare agency or police department or county sheriff in instances in which they believe that the child has died as a result of neglect or physical or sexual abuse. The medical examiner or coroner shall complete an investigation as soon as feasible and report the findings to the police department or county sheriff and the local welfare agency. If the child was receiving services or treatment for mental illness, developmentally disabled, chemical dependency, or emotional disturbance from an agency, facility, or program as defined in section 245.91, the medical examiner or coroner shall also...
notify
and report findings to the ombudsman established under sections 245.91 to 245.97.

Subd. 10. Duties of local welfare agency and local law enforcement agency upon receipt of a report. (a) Upon receipt of a report, the local welfare agency shall determine whether to conduct a family assessment or an investigation as appropriate to prevent or provide a remedy for child maltreatment. The local welfare agency:
(1) shall conduct an investigation on reports involving substantial child endangerment;
(2) shall begin an immediate investigation if, at any time when it is using a family assessment response, it determines that there is reason to believe that substantial child endangerment or a serious threat to the child's safety exists;
(3) may conduct a family assessment for reports that do not allege substantial child endangerment. In determining that a family assessment is appropriate, the local welfare agency may consider issues of child safety, parental cooperation, and the need for an immediate response;
and
(4) may conduct a family assessment on a report that was initially screened and assigned for an investigation. In determining that a complete investigation is not required, the local welfare agency must document the reason for terminating the investigation and notify the local law enforcement agency if the local law enforcement agency is conducting a joint investigation.

If the report alleges neglect, physical abuse, or sexual abuse by a parent, guardian, or individual functioning within the family unit as a person responsible for the child's care, the local welfare agency shall immediately conduct a family assessment or investigation as identified in clauses (1) to (4). In conducting a family assessment or investigation, the local welfare agency shall gather information on the existence of substance abuse and domestic violence and offer services for purposes of preventing future child maltreatment, safeguarding and enhancing the welfare of the abused or neglected minor, and supporting and preserving family life whenever possible. If the report alleges a violation of a criminal statute involving sexual abuse, physical abuse, or neglect or endangerment, under section 609.378, the local law enforcement agency and local welfare agency shall coordinate the planning and execution of their respective investigation and assessment efforts to avoid a duplication of fact-finding efforts and multiple interviews. Each agency shall prepare a separate report of the results of its investigation. In cases of alleged child maltreatment resulting in death, the local agency may rely on the fact-finding efforts of a law enforcement investigation to make a determination of whether or not maltreatment occurred. When necessary the local welfare agency shall seek authority to remove the child from the custody of a parent, guardian, or adult with whom the child is living. In performing any of these duties, the local welfare agency shall maintain appropriate records.

If the family assessment or investigation indicates there is a potential for abuse of alcohol or other drugs by the parent, guardian, or person responsible for the child's care, the local welfare agency shall conduct a chemical use assessment pursuant to Minnesota Rules, part 9530.6615. The local welfare agency shall report the determination of the chemical use assessment, and the recommendations and referrals for alcohol and other drug treatment services to the state authority on alcohol and drug abuse.

(b) When a local agency receives a report or otherwise has information indicating that a child
who is a client, as defined in section 245.91, has been the subject of physical abuse, sexual abuse, or neglect at an agency, facility, or program as defined in section 245.91, it shall, in addition to its other duties under this section, immediately inform the ombudsman established under sections 245.91 to 245.97. The commissioner of education shall inform the ombudsman established under sections 245.91 to 245.97 of reports regarding a child defined as a client in section 245.91 that maltreatment occurred at a school as defined in sections 120A.05, subdivisions 9, 11, subdivision 13, and 124D.10.

(c) Authority of the local welfare agency responsible for assessing or investigating the child abuse or neglect report, the agency responsible for assessing or investigating the report, and of the local law enforcement agency for investigating the alleged abuse or neglect includes, but is not limited to, authority to interview, without parental consent, the alleged victim and any other minors who currently reside with or who have resided with the alleged offender. The interview may take place at school or at any facility or other place where the alleged victim or other minors might be found or the child may be transported to, and the interview conducted at, a place appropriate for the interview of a child designated by the local welfare agency or law enforcement agency. The interview may take place outside the presence of the alleged offender or parent, legal custodian, guardian, or school official. For family assessments, it is the preferred practice to request a parent or guardian's permission to interview the child prior to conducting the child interview, unless doing so would compromise the safety assessment. Except as provided in this paragraph, the parent, legal custodian, or guardian shall be notified by the responsible local welfare or law enforcement agency no later than the conclusion of the investigation or assessment that this interview has occurred. Notwithstanding rule 49.02 of the Minnesota Rules of Procedure for Juvenile Courts, the juvenile court may, after hearing on an ex parte motion by the local welfare agency, order that, where reasonable cause exists, the agency withhold notification of this interview from the parent, legal custodian, or guardian. If the interview took place or is to take place on school property, the order shall specify that school officials may not disclose to the parent, legal custodian, or guardian the contents of the notification of intent to interview the child on school property, as provided under this paragraph, and any other related information regarding the interview that may be a part of the child's school record. A copy of the order shall be sent by the local welfare or law enforcement agency to the appropriate school official.

(d) When the local welfare, local law enforcement agency, or the agency responsible for assessing or investigating a report of maltreatment determines that an interview should take place on school property, written notification of intent to interview the child on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property. For interviews conducted by the local welfare agency, the notification shall be signed by the chair of the local social services agency or the chair's designee. The notification shall be private data on individuals subject to the provisions of this paragraph. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview until notified
in writing by the local welfare or law enforcement agency that the investigation or assessment has
been concluded, unless a school employee or agent is alleged to have maltreated the child. Until
that time, the local welfare or law enforcement agency or the agency responsible for assessing or
investigating a report of maltreatment shall be solely responsible for any disclosures regarding
the nature of the assessment or investigation.
Except where the alleged offender is believed to be a school official or employee, the time
and place, and manner of the interview on school premises shall be within the discretion of
school
officials, but the local welfare or law enforcement agency shall have the exclusive authority to
determine who may attend the interview. The conditions as to time, place, and manner of the
interview set by the school officials shall be reasonable and the interview shall be conducted not
more than 24 hours after the receipt of the notification unless another time is considered
necessary
by agreement between the school officials and the local welfare or law enforcement agency.
Where
the school fails to comply with the provisions of this paragraph, the juvenile court may order the
school to comply. Every effort must be made to reduce the disruption of the educational program
of the child, other students, or school staff when an interview is conducted on school premises.
(e) Where the alleged offender or a person responsible for the care of the alleged victim or
other minor prevents access to the victim or other minor by the local welfare agency, the juvenile
court may order the parents, legal custodian, or guardian to produce the alleged victim or other
minor for questioning by the local welfare agency or the local law enforcement agency outside
the presence of the alleged offender or any person responsible for the child's care at reasonable
places and times as specified by court order.
(f) Before making an order under paragraph (e), the court shall issue an order to show cause,
either upon its own motion or upon a verified petition, specifying the basis for the requested
interviews and fixing the time and place of the hearing. The order to show cause shall be served
personally and shall be heard in the same manner as provided in other cases in the juvenile court.
The court shall consider the need for appointment of a guardian ad litem to protect the best
interests of the child. If appointed, the guardian ad litem shall be present at the hearing on the
order to show cause.
(g) The commissioner of human services, the ombudsman for mental health and
developmental disabilities, the local welfare agencies responsible for investigating reports, the
commissioner of education, and the local law enforcement agencies have the right to enter
facilities as defined in subdivision 2 and to inspect and copy the facility's records, including
medical records, as part of the investigation. Notwithstanding the provisions of chapter 13,
they also have the right to inform the facility under investigation that they are conducting an
investigation, to disclose to the facility the names of the individuals under investigation for
abusing or neglecting a child, and to provide the facility with a copy of the report and the
investigative findings.
(h) The local welfare agency responsible for conducting a family assessment shall
collect available and relevant information to determine child safety, risk of subsequent child
maltreatment, and family strengths and needs. The local welfare agency or the agency
responsible
for investigating the report shall collect available and relevant information to ascertain whether
maltreatment occurred and whether protective services are needed. Information collected includes, when relevant, information with regard to the person reporting the alleged maltreatment,

including the nature of the reporter's relationship to the child and to the alleged offender, and the basis of the reporter's knowledge for the report; the child allegedly being maltreated; the alleged offender; the child's caretaker; and other collateral sources having relevant information related to the alleged maltreatment. The local welfare agency or the agency responsible for assessing or investigating the report may make a determination of no maltreatment early in an assessment, and close the case and retain immunity, if the collected information shows no basis for a full assessment or investigation.

Information relevant to the assessment or investigation must be asked for, and may include:

(1) the child's sex and age, prior reports of maltreatment, information relating to developmental functioning, credibility of the child's statement, and whether the information provided under this clause is consistent with other information collected during the course of the assessment or investigation;

(2) the alleged offender's age, a record check for prior reports of maltreatment, and criminal charges and convictions. The local welfare agency or the agency responsible for assessing or investigating the report must provide the alleged offender with an opportunity to make a statement. The alleged offender may submit supporting documentation relevant to the assessment or investigation;

(3) collateral source information regarding the alleged maltreatment and care of the child. Collateral information includes, when relevant: (i) a medical examination of the child; (ii) prior medical records relating to the alleged maltreatment or the care of the child maintained by any facility, clinic, or health care professional and an interview with the treating professionals; and (iii) interviews with the child's caretakers, including the child's parent, guardian, foster parent, child care provider, teachers, counselors, family members, relatives, and other persons who may have knowledge regarding the alleged maltreatment and the care of the child; and

(4) information on the existence of domestic abuse and violence in the home of the child, and substance abuse.

Nothing in this paragraph precludes the local welfare agency, the local law enforcement agency, or the agency responsible for assessing or investigating the report from collecting other relevant information necessary to conduct the assessment or investigation. Notwithstanding section 13.384 or 144.335, the local welfare agency has access to medical data and records for purposes of clause (3). Notwithstanding the data's classification in the possession of any other agency, data acquired by the local welfare agency or the agency responsible for assessing or investigating the report during the course of the assessment or investigation are private data on individuals and must be maintained in accordance with subdivision 11. Data of the commissioner of education collected or maintained during and for the purpose of an investigation of alleged maltreatment in a school are governed by this section, notwithstanding the data's classification as educational, licensing, or personnel data under chapter 13.

In conducting an assessment or investigation involving a school facility as defined in subdivision 2, paragraph (i), the commissioner of education shall collect investigative reports and data that are relevant to a report of maltreatment and are from local law enforcement and the school facility.

(i) Upon receipt of a report, the local welfare agency shall conduct a face-to-face contact with the child reported to be maltreated and with the child's primary caregiver sufficient to complete a
safety assessment and ensure the immediate safety of the child. The face-to-face contact with the child and primary caregiver shall occur immediately if substantial child endangerment is alleged and within five calendar days for all other reports. If the alleged offender was not already interviewed as the primary caregiver, the local welfare agency shall also conduct a face-to-face interview with the alleged offender in the early stages of the assessment or investigation. At the initial contact, the local child welfare agency or the agency responsible for assessing or investigating the report must inform the alleged offender of the complaints or allegations made against the individual in a manner consistent with laws protecting the rights of the person who made the report. The interview with the alleged offender may be postponed if it would jeopardize an active law enforcement investigation.

(j) When conducting an investigation, the local welfare agency shall use a question and answer interviewing format with questioning as nondirective as possible to elicit spontaneous responses. For investigations only, the following interviewing methods and procedures must be used whenever possible when collecting information:

(1) audio recordings of all interviews with witnesses and collateral sources; and
(2) in cases of alleged sexual abuse, audio-video recordings of each interview with the alleged victim and child witnesses.

(k) In conducting an assessment or investigation involving a school facility as defined in subdivision 2, paragraph (i), the commissioner of education shall collect available and relevant information and use the procedures in paragraphs (i), (k), and subdivision 3d, except that the requirement for face-to-face observation of the child and face-to-face interview of the alleged offender is to occur in the initial stages of the assessment or investigation provided that the commissioner may also base the assessment or investigation on investigative reports and data received from the school facility and local law enforcement, to the extent those investigations satisfy the requirements of paragraphs (i) and (k), and subdivision 3d.

Subd. 10a. Abuse outside family unit. If the report alleges neglect, physical abuse, or sexual abuse by a person responsible for the child's care functioning outside the family unit in a setting other than a facility as defined in subdivision 2, the local welfare agency shall immediately notify the appropriate law enforcement agency, which shall conduct an investigation of the alleged abuse or neglect. The local welfare agency shall offer appropriate social services for the purpose of safeguarding and enhancing the welfare of the abused or neglected minor.

Subd. 10b. Duties of commissioner; neglect or abuse in facility. (a) This section applies to the commissioners of human services, health, and education. The commissioner of the agency responsible for assessing or investigating the report shall immediately assess or investigate if the report alleges that:

(1) a child who is in the care of a facility as defined in subdivision 2 is neglected, physically abused, sexually abused, or is the victim of maltreatment in a facility by an individual in that facility, or has been so neglected or abused, or been the victim of maltreatment in a facility by an individual in that facility within the three years preceding the report; or
(2) a child was neglected, physically abused, sexually abused, or is the victim of maltreatment in a facility by an individual in a facility defined in subdivision 2, while in the care of that facility within the three years preceding the report.

The commissioner of the agency responsible for assessing or investigating the report shall
arrange for the transmittal to the commissioner of reports received by local agencies and may delegate to a local welfare agency the duty to investigate reports. In conducting an investigation under this section, the commissioner has the powers and duties specified for local welfare agencies under this section. The commissioner of the agency responsible for assessing or investigating the report or local welfare agency may interview any children who are or have been in the care of a facility under investigation and their parents, guardians, or legal custodians.

(b) Prior to any interview, the commissioner of the agency responsible for assessing or investigating the report or local welfare agency shall notify the parent, guardian, or legal custodian of a child who will be interviewed in the manner provided for in subdivision 10d, paragraph (a). If reasonable efforts to reach the parent, guardian, or legal custodian of a child in an out-of-home placement have failed, the child may be interviewed if there is reason to believe the interview is necessary to protect the child or other children in the facility. The commissioner of the agency responsible for assessing or investigating the report or local agency must provide the information required in this subdivision to the parent, guardian, or legal custodian of a child interviewed without parental notification as soon as possible after the interview. When the investigation is completed, any parent, guardian, or legal custodian notified under this subdivision shall receive the written memorandum provided for in subdivision 10d, paragraph (c).

(c) In conducting investigations under this subdivision the commissioner or local welfare agency shall obtain access to information consistent with subdivision 10, paragraphs (h), (i), and (j). In conducting assessments or investigations under this subdivision, the commissioner of education shall obtain access to reports and investigative data that are relevant to a report of maltreatment and are in the possession of a school facility as defined in subdivision 2, paragraph (i), notwithstanding the classification of the data as educational or personnel data under chapter 13. This includes, but is not limited to, school investigative reports, information concerning the conduct of school personnel alleged to have committed maltreatment of students, information about witnesses, and any protective or corrective action taken by the school facility regarding the school personnel alleged to have committed maltreatment.

(d) The commissioner may request assistance from the local social services agency.

Subd. 10c. Duties of local social service agency upon receipt of a report of medical neglect. If the report alleges medical neglect as defined in section 260C.007, subdivision 4, clause (5), the local welfare agency shall, in addition to its other duties under this section, immediately consult with designated hospital staff and with the parents of the infant to verify that appropriate nutrition, hydration, and medication are being provided; and shall immediately secure an independent medical review of the infant's medical charts and records and, if necessary, seek a court order for an independent medical examination of the infant. If the review or examination leads to a conclusion of medical neglect, the agency shall intervene on behalf of the infant by initiating legal proceedings under section 260C.141 and by filing an expedited motion to prevent the withholding of medically indicated treatment.

Subd. 10d. Notification of neglect or abuse in facility. (a) When a report is received that alleges neglect, physical abuse, sexual abuse, or maltreatment of a child while in the care of a
licensed or unlicensed day care facility, residential facility, agency, hospital, sanitarium, or other facility or institution required to be licensed according to sections 144.50 to 144.58; 241.021; or 245A.01 to 245A.16; or chapter 245B, or a school as defined in sections 120A.05, subdivisions 9, 11, and 13; and 124D.10; or a nonlicensed personal care provider organization as defined in section 256B.04, subdivision 16, and 256B.0625, subdivision 19a, the commissioner of the agency responsible for assessing or investigating the report or local welfare agency investigating the report shall provide the following information to the parent, guardian, or legal custodian of a child alleged to have been neglected, physically abused, sexually abused, or the victim of maltreatment of a child in the facility: the name of the facility; the fact that a report alleging neglect, physical abuse, sexual abuse, or maltreatment of a child in the facility has been received; the nature of the alleged neglect, physical abuse, sexual abuse, or maltreatment of a child in the facility; that the agency is conducting an assessment or investigation; any protective or corrective measures being taken pending the outcome of the investigation; and that a written memorandum will be provided when the investigation is completed.

(b) The commissioner of the agency responsible for assessing or investigating the report or local welfare agency may also provide the information in paragraph (a) to the parent, guardian, or legal custodian of any other child in the facility if the investigative agency knows or has reason to believe the alleged neglect, physical abuse, sexual abuse, or maltreatment of a child in the facility has occurred. In determining whether to exercise this authority, the commissioner of the agency responsible for assessing or investigating the report or local welfare agency shall consider the seriousness of the alleged neglect, physical abuse, sexual abuse, or maltreatment of a child in the facility; the number of children allegedly neglected, physically abused, sexually abused, or victims of maltreatment of a child in the facility; the number of alleged perpetrators; and the length of the investigation. The facility shall be notified whenever this discretion is exercised.

(c) When the commissioner of the agency responsible for assessing or investigating the report or local welfare agency has completed its investigation, every parent, guardian, or legal custodian previously notified of the investigation by the commissioner or local welfare agency shall be provided with the following information in a written memorandum: the name of the facility investigated; the nature of the alleged neglect, physical abuse, sexual abuse, or maltreatment of a child in the facility; the investigator's name; a summary of the investigation findings; a statement whether maltreatment was found; and the protective or corrective measures that are being or will be taken. The memorandum shall be written in a manner that protects the identity of the reporter and the child and shall not contain the name, or to the extent possible, reveal the identity of the alleged perpetrator or of those interviewed during the investigation. If maltreatment is determined to exist, the commissioner or local welfare agency shall also provide the written memorandum to the parent, guardian, or legal custodian of each child in the facility who had contact with the individual responsible for the maltreatment. When the facility is the responsible party for maltreatment, the commissioner or local welfare agency shall also provide the written memorandum to the parent, guardian, or legal custodian of each child who received services in the population of the facility where the maltreatment occurred. This notification must be provided to the parent, guardian, or legal custodian of each child receiving services from the time the maltreatment occurred until either the individual responsible for maltreatment is no longer in contact with a child or children in the facility or the conclusion of the investigation. In
the case of maltreatment within a school facility, as defined in sections 120A.05, subdivisions 9, 11, and 13, and 124D.10, the commissioner of education need not provide notification to parents, guardians, or legal custodians of each child in the facility, but may provide notification to the parent, guardian, or legal custodian of any student alleged to have been maltreated or involved as a witness to alleged maltreatment.

Subd. 10e. Determinations. (a) The local welfare agency shall conclude the family assessment or the investigation within 45 days of the receipt of a report. The conclusion of the assessment or investigation may be extended to permit the completion of a criminal investigation or the receipt of expert information requested within 45 days of the receipt of the report. (b) After conducting a family assessment, the local welfare agency shall determine whether services are needed to address the safety of the child and other family members and the risk of subsequent maltreatment. (c) After conducting an investigation, the local welfare agency shall make two determinations: first, whether maltreatment has occurred; and second, whether child protective services are needed. (d) If the commissioner of education conducts an assessment or investigation, the commissioner shall determine whether maltreatment occurred and what corrective or protective action was taken by the school facility. If a determination is made that maltreatment has occurred, the commissioner shall report to the employer, the school board, and any appropriate licensing entity the determination that maltreatment occurred and what corrective or protective action was taken by the school facility. In all other cases, the commissioner shall inform the school board or employer that a report was received, the subject of the report, the date of the initial report, the category of maltreatment alleged as defined in paragraph (f), the fact that maltreatment was not determined, and a summary of the specific reasons for the determination. (e) When maltreatment is determined in an investigation involving a facility, the investigating agency shall also determine whether the facility or individual was responsible, or whether both the facility and the individual were responsible for the maltreatment using the mitigating factors in paragraph (i). Determinations under this subdivision must be made based on a preponderance of the evidence and are private data on individuals or nonpublic data as maintained by the commissioner of education. (f) For the purposes of this subdivision, "maltreatment" means any of the following acts or omissions: (1) physical abuse as defined in subdivision 2, paragraph (g); (2) neglect as defined in subdivision 2, paragraph (f); (3) sexual abuse as defined in subdivision 2, paragraph (d); (4) mental injury as defined in subdivision 2, paragraph (m); or (5) maltreatment of a child in a facility as defined in subdivision 2, paragraph (i). (g) For the purposes of this subdivision, a determination that child protective services are needed means that the local welfare agency has documented conditions during the assessment or investigation sufficient to cause a child protection worker, as defined in section 626.559, subdivision 1, to conclude that a child is at significant risk of maltreatment if protective intervention is not provided and that the individuals responsible for the child's care have not taken or are not likely to take actions to protect the child from maltreatment or risk of maltreatment.
(h) This subdivision does not mean that maltreatment has occurred solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child, in lieu of medical care. However, if lack of medical care may result in serious danger to the child's health, the local welfare agency may ensure that necessary medical services are provided to the child.

(i) When determining whether the facility or individual is the responsible party for determined maltreatment in a facility, the investigating agency shall consider at least the following mitigating factors:

1. whether the actions of the facility or the individual caregivers were according to, and followed the terms of, an erroneous physician order, prescription, individual care plan, or directive; however, this is not a mitigating factor when the facility or caregiver was responsible for the issuance of the erroneous order, prescription, individual care plan, or directive or knew or should have known of the errors and took no reasonable measures to correct the defect before administering care;

2. comparative responsibility between the facility, other caregivers, and requirements placed upon an employee, including the facility's compliance with related regulatory standards and the adequacy of facility policies and procedures, facility training, an individual's participation in the training, the caregiver's supervision, and facility staffing levels and the scope of the individual employee's authority and discretion; and

3. whether the facility or individual followed professional standards in exercising professional judgment.

(j) Individual counties may implement more detailed definitions or criteria that indicate which allegations to investigate, as long as a county's policies are consistent with the definitions in the statutes and rules and are approved by the county board. Each local welfare agency shall periodically inform mandated reporters under subdivision 3 who work in the county of the definitions of maltreatment in the statutes and rules and any additional definitions or criteria that have been approved by the county board.

Subd. 10f. Notice of determinations. Within ten working days of the conclusion of a family assessment, the local welfare agency shall notify the parent or guardian of the child of the need for services to address child safety concerns or significant risk of subsequent child maltreatment. The local welfare agency and the family may also jointly agree that family support and family preservation services are needed. Within ten working days of the conclusion of an investigation, the local welfare agency or agency responsible for assessing or investigating the report shall notify the parent or guardian of the child, the person determined to be maltreating the child, and if applicable, the director of the facility, of the determination and a summary of the specific reasons for the determination. The notice must also include a certification that the information collection procedures under subdivision 10, paragraphs (h), (i), and (j), were followed and a notice of the right of a data subject to obtain access to other private data on the subject collected, created, or maintained under this section. In addition, the notice shall include the length of time that the records will be kept under subdivision 11c. The investigating agency shall notify the parent or guardian of the child who is the subject of the report, and any person or facility determined to have maltreated a child, of their appeal or review rights under this section or section 256.022.

Subd. 10g. Interstate data exchange. All reports and records created, collected, or
maintained under this section by a local social service agency or law enforcement agency may be disclosed to a local social service or other child welfare agency of another state when the agency certifies that:
(1) the reports and records are necessary in order to conduct an investigation of actions that would qualify as sexual abuse, physical abuse, or neglect under this section; and
(2) the reports and records will be used only for purposes of a child protection assessment or investigation and will not be further disclosed to any other person or agency.

The local social service agency or law enforcement agency in this state shall keep a record of all records or reports disclosed pursuant to this subdivision and of any agency to which the records or reports are disclosed. If in any case records or reports are disclosed before a determination is made under subdivision 10e, or a disposition of any criminal proceedings is reached, the local social service agency or law enforcement agency in this state shall forward the determination or disposition to any agency that has received any report or record under this subdivision.

Subd. 10h. Child abuse data; release to family court services. The responsible authority or its designee of a local welfare agency may release private or confidential data on an active case involving assessment or investigation of actions that are defined as sexual abuse, physical abuse, or neglect under this section to a court services agency if:
(1) the court services agency has an active case involving a common client or clients who are the subject of the data; and
(2) the data are necessary for the court services agency to effectively process the court services' case, including investigating or performing other duties relating to the case required by law.

The data disclosed under this subdivision may be used only for purposes of the active court services case described in clause (1) and may not be further disclosed to any other person or agency, except as authorized by law.

Subd. 10i. Administrative reconsideration of final determination of maltreatment and disqualification based on serious or recurring maltreatment; review panel. (a) Administrative reconsideration is not applicable in family assessments since no determination concerning maltreatment is made. For investigations, except as provided under paragraph (e), an individual or facility that the commissioner of human services, a local social service agency, or the commissioner of education determines has maltreated a child, an interested person acting on behalf of the child, regardless of the determination, who contests the investigating agency's final determination regarding maltreatment, may request the investigating agency to reconsider its final determination regarding maltreatment. The request for reconsideration must be submitted in writing to the investigating agency within 15 calendar days after receipt of notice of the final determination regarding maltreatment or, if the request is made by an interested person who is not entitled to notice, within 15 days after receipt of the notice by the parent or guardian of the child. If mailed, the request for reconsideration must be postmarked and sent to the investigating agency within 15 calendar days of the individual's or facility's receipt of the final determination. If the request for reconsideration is made by personal service, it must be received by the investigating agency within 15 calendar days after the individual's or facility's receipt of the final determination.
Effective January 1, 2002, an individual who was determined to have maltreated a child under this section and who was disqualified on the basis of serious or recurring maltreatment under sections 245C.14 and 245C.15, may request reconsideration of the maltreatment determination and the disqualification. The request for reconsideration of the maltreatment determination and the disqualification must be submitted within 30 calendar days of the individual's receipt of the notice of disqualification under sections 245C.16 and 245C.17. If mailed, the request for reconsideration of the maltreatment determination and the disqualification must be postmarked and sent to the investigating agency within 30 calendar days of the individual's receipt of the maltreatment determination and notice of disqualification. If the request for reconsideration is made by personal service, it must be received by the investigating agency within 30 calendar days after the individual's receipt of the notice of disqualification.

(b) Except as provided under paragraphs (e) and (f), if the investigating agency denies the request or fails to act upon the request within 15 working days after receiving the request for reconsideration, the person or facility entitled to a fair hearing under section 256.045 may submit to the commissioner of human services or the commissioner of education a written request for a hearing under that section. Section 256.045 also governs hearings requested to contest a final determination of the commissioner of education. For reports involving maltreatment of a child in a facility, an interested person acting on behalf of the child may request a review by the Child Maltreatment Review Panel under section 256.022 if the investigating agency denies the request or fails to act upon the request or if the interested person contests a reconsidered determination. The investigating agency shall notify persons who request reconsideration of their rights under this paragraph. The request must be submitted in writing to the review panel and a copy sent to the investigating agency within 30 calendar days of receipt of notice of a denial of a request for reconsideration or of a reconsidered determination. The request must specifically identify the aspects of the agency determination with which the person is dissatisfied.

(c) If, as a result of a reconsideration or review, the investigating agency changes the final determination of maltreatment, that agency shall notify the parties specified in subdivisions 10b, 10d, and 10f.

(d) Except as provided under paragraph (f), if an individual or facility contests the investigating agency's final determination regarding maltreatment by requesting a fair hearing under section 256.045, the commissioner of human services shall assure that the hearing is conducted and a decision is reached within 90 days of receipt of the request for a hearing. The time for action on the decision may be extended for as many days as the hearing is postponed or the record is held open for the benefit of either party.

(e) Effective January 1, 2002, if an individual was disqualified under sections 245C.14 and 245C.15, on the basis of a determination of maltreatment, which was serious or recurring, and the individual has requested reconsideration of the maltreatment determination under paragraph (a) and requested reconsideration of the disqualification under sections 245C.21 to 245C.27, reconsideration of the maltreatment determination and reconsideration of the disqualification shall be consolidated into a single reconsideration. If reconsideration of the maltreatment determination is denied or the disqualification is not set aside under sections 245C.21 to 245C.27, the individual may request a fair hearing under section 256.045. If an individual requests a fair hearing on the
maltreatment determination and the disqualification, the scope of the fair hearing shall include both the maltreatment determination and the disqualification.

(f) Effective January 1, 2002, if a maltreatment determination or a disqualification based on serious or recurring maltreatment is the basis for a denial of a license under section 245A.05 or a licensing sanction under section 245A.07, the license holder has the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. As provided for under section 245A.08, subdivision 2a, the scope of the contested case hearing shall include the maltreatment determination, disqualification, and licensing sanction or denial of a license. In such cases, a fair hearing regarding the maltreatment determination shall not be conducted under paragraph (b). When a fine is based on a determination that the license holder is responsible for maltreatment and the fine is issued at the same time as the maltreatment determination, if the license holder appeals the maltreatment and fine, reconsideration of the maltreatment determination shall not be conducted under this section. If the disqualified subject is an individual other than the license holder and upon whom a background study must be conducted under chapter 245C, the hearings of all parties may be consolidated into a single contested case hearing upon consent of all parties and the administrative law judge.

(g) For purposes of this subdivision, "interested person acting on behalf of the child" means a parent or legal guardian; stepparent; grandparent; guardian ad litem; adult stepbrother, stepsister, or sibling; or adult aunt or uncle; unless the person has been determined to be the perpetrator of the maltreatment.

Subd. 10j. Release of data to mandated reporters. A local social services or child protection agency, or the agency responsible for assessing or investigating the report of maltreatment, may provide relevant private data on individuals obtained under this section to mandated reporters who have an ongoing responsibility for the health, education, or welfare of a child affected by the data, in the best interests of the child. Mandated reporters with ongoing responsibility for the health, education, or welfare of a child affected by the data include the child's teachers or other appropriate school personnel, foster parents, health care providers, respite care workers, therapists, social workers, child care providers, residential care staff, crisis nursery staff, probation officers, and court services personnel. Under this section, a mandated reporter need not have made the report to be considered a person with ongoing responsibility for the health, education, or welfare of a child affected by the data. Data provided under this section must be limited to data pertinent to the individual's responsibility for caring for the child.

Subd. 10k. Release of certain investigative records to other counties. Records maintained under subdivision 11c, paragraph (a), may be shared with another local welfare agency that requests the information because it is conducting an investigation under this section of the subject of the records.

Subd. 10l. Documentation. When a case is closed that has been open for services, the local welfare agency shall document the outcome of the family assessment or investigation, including a description of services provided and the removal or reduction of risk to the child, if it existed.

Subd. 10m. Provision of child protective services. The local welfare agency shall create
a written plan, in collaboration with the family whenever possible, within 30 days of the
determination that child protective services are needed or upon joint agreement of the local
welfare agency and the family that family support and preservation services are needed. Child
protective services for a family are voluntary unless ordered by the court.

Subd. 11. Records. (a) Except as provided in paragraph (b) or (d) and subdivisions 10b,
10d, 10g, and 11b, all records concerning individuals maintained by a local welfare agency or
agency responsible for assessing or investigating the report under this section, including any
written reports filed under subdivision 7, shall be private data on individuals, except insofar as
copies of reports are required by subdivision 7 to be sent to the local police department or the
county sheriff. All records concerning determinations of maltreatment by a facility are nonpublic
data as maintained by the Department of Education, except insofar as copies of reports are
required by subdivision 7 to be sent to the local police department or the county sheriff. Reports
maintained by any police department or the county sheriff shall be private data on individuals
except the reports shall be made available to the investigating, petitioning, or prosecuting
authority, including county medical examiners or county coroners. Section 13.82, subdivisions
8, 9, and 14, apply to law enforcement data other than the reports. The local social services
agency or agency responsible for assessing or investigating the report shall make available to
the investigating, petitioning, or prosecuting authority, including county medical examiners or
county coroners or their professional delegates, any records which contain information relating
to
a specific incident of neglect or abuse which is under investigation, petition, or prosecution and
information relating to any prior incidents of neglect or abuse involving any of the same persons.
The records shall be collected and maintained in accordance with the provisions of chapter 13. In
conducting investigations and assessments pursuant to this section, the notice required by section
13.04, subdivision 2, need not be provided to a minor under the age of ten who is the alleged
victim of abuse or neglect. An individual subject of a record shall have access to the record in
accordance with those sections, except that the name of the reporter shall be confidential while
the
report is under assessment or investigation except as otherwise permitted by this subdivision.
Any
person conducting an investigation or assessment under this section who intentionally discloses
the identity of a reporter prior to the completion of the investigation or assessment is guilty of a
misdemeanor. After the assessment or investigation is completed, the name of the reporter shall
be confidential. The subject of the report may compel disclosure of the name of the reporter only
with the consent of the reporter or upon a written finding by the court that the report was false
and that there is evidence that the report was made in bad faith. This subdivision does not alter
disclosure responsibilities or obligations under the Rules of Criminal Procedure.
(b) Upon request of the legislative auditor, data on individuals maintained under this section
must be released to the legislative auditor in order for the auditor to fulfill the auditor's duties
under section 3.971. The auditor shall maintain the data in accordance with chapter 13.
(c) The commissioner of education must be provided with all requested data that are
relevant to a report of maltreatment and are in possession of a school facility as defined in
subdivision 2, paragraph (i), when the data is requested pursuant to an assessment or
investigation
of a maltreatment report of a student in a school. If the commissioner of education makes a
determination of maltreatment involving an individual performing work within a school facility
who is licensed by a board or other agency, the commissioner shall provide necessary and relevant information to the licensing entity to enable the entity to fulfill its statutory duties. Notwithstanding section 13.03, subdivision 4, data received by a licensing entity under this paragraph are governed by section 13.41 or other applicable law governing data of the receiving entity, except that this section applies to the classification of and access to data on the reporter of the maltreatment.

(d) The investigating agency shall exchange not public data with the Child Maltreatment Review Panel under section 256.022 if the data are pertinent and necessary for a review requested under section 256.022. Upon completion of the review, the not public data received by the review panel must be returned to the investigating agency.

Subd. 11a. Disclosure of information not required in certain cases. When interviewing a minor under subdivision 10, an individual does not include the parent or guardian of the minor for purposes of section 13.04, subdivision 2, when the parent or guardian is the alleged perpetrator of the abuse or neglect.

Subd. 11b. Data received from law enforcement. Notwithstanding sections 138.163 and 138.17, records maintained or records derived from reports of abuse by local welfare agencies, agencies responsible for assessing or investigating the report, court services agencies, or schools under this section shall be destroyed as provided in paragraphs (a) to (d) by the responsible authority.

(a) For family assessment cases and cases where an investigation results in no determination of maltreatment or the need for child protective services, the assessment or investigation records must be maintained for a period of four years. Records under this paragraph may not be used for employment, background checks, or purposes other than to assist in future risk and safety assessments.

(b) All records relating to reports which, upon investigation, indicate either maltreatment or a need for child protective services shall be maintained for at least ten years after the date of the final entry in the case record.

(c) All records regarding a report of maltreatment, including any notification of intent to interview which was received by a school under subdivision 10, paragraph (d), shall be destroyed by the school when ordered to do so by the agency conducting the assessment or investigation. The agency shall order the destruction of the notification when other records relating to the report under investigation or assessment are destroyed under this subdivision.

(d) Private or confidential data released to a court services agency under subdivision 10h must be destroyed by the court services agency when ordered to do so by the local welfare agency that released the data. The local welfare agency or agency responsible for assessing or investigating the report shall order destruction of the data when other records relating to the assessment or investigation are destroyed under this subdivision.
